Russia Puts 2,919-Pound Space Satellite Into Orbit

Third Moon Filled With Instruments

No Hint Of Living Passenger; Joins 3 American Satellites

By HAROLD MILKS

MOSCOW (AP)—The Soviet Union today launched its third and largest satellite, an 11.9-foot cone weighing nearly a ton and a half.

A special announcement by Tass, official Soviet news agency, said the new earth satellite, fired in connection with the Soviet International Geophysical Year program, was jammed with apparatus and instruments for probing the secrets of outer space.

The announcement gave no indication that the latest satellite carried a living passenger, a companion to the dog Laika which went up and died with Sputnik II.

Instead it listed the numerous items of equipment with which it said the new Sputnik would report on the upper layers of the earth's atmosphere as "a contribution of Soviet scientists to world science."

No Indication Of Power

The announcement gave no indication of the launching power of the new Sputnik, nor the location of its launching site.

It reported the Sputnik was orbiting normally at the rate of one circuit of the earth every 106 minutes and reaching a maximum altitude of 1,168 miles. The weight was announced as 2,919.53 pounds or more than double the 1,120-pound weight the Russians reported for Sputnik II.

The new Sputnik joins three American satellites circling in outer space, the largest of them weighing 30.8 pounds. Russia's two earlier satellites have re-entered the earth's lower atmosphere and disintegrated.

The announcement said the satellite entered its orbit at an angle of 65 degrees to the equatorial plane, indicating it will cover almost the entire inhabited part of the earth from close to the Arctic Circle to just above the Antarctic Circle.

Last About Six Months

(At Cambridge, Mass., it was estimated that Sputnik III newest and largest satellite should have a life of about six months.

The associate director of the Smithsonian Astrophysical Observatory, Dr. Allen J. Hynek, added that the satellite may be visible in many parts of the United States in the evening (twilight tonight).

The announcement said the rocket which lifted the Sputnik aloft broke off and itself went into orbit close behind. No indication was given of the size.

The satellite was described as 5 feet 7 inches wide at its base and 11 feet 9 inches high. That would be large enough to be seen from earth with the naked eye under proper lighting conditions.

The three U.S. satellites circle the globe in a narrower band that extends about half as far on either side of the equator. Two of them, Explorer I and III, are tube-shaped objects about 80 inches long and the third, Vanguard I, is a sphere 6.4 inches in diameter.

Sputnik I, a sphere carrying only instruments, was announced by the Soviets as weighing 184 pounds and the dog-carrying, cone-shaped Sputnik II was reported to weigh about 1,120 pounds.

The orbit time and maximum height of Sputnik III is about the same as that reported for Sputnik II. Its radio is transmitting on 20.005 megacycles.

The new satellite's radio signal as rebroadcast by Moscow radio was a repetition of "dot dash dot dot" in a high musical tone.

Secret Service Smashes 14-State Counterfeit Ring

WASHINGTON (AP)—A ring that allegedly passed thousands of dollars in fake bills in 14 states has been broken up by the Secret Service.

Secret Service Chief U. E. Baughman announced Wednesday that 13 persons had been arrested and that more arrests were expected. He said the investigation began last November when bogus money appeared in Indianapolis.

Baughman said about \$23,000 in counterfeit \$10, \$20 and \$50 bills have been passed and that Se-

Soviet Scores A-Bomb Craft

TOKYO (INS)—Soviet Russia reportedly told Japan today that it objects to the presence of A-bomb carrying U. S. Air Force planes on Japanese soil.

The Russian Embassy relayed the Kremlin views in a note handed to the Japanese foreign office.

Informed Japanese sources said the Russian note objected to the stationing of U. S. B-47 jet bombers and A-4D Navy jets in Japan.

Fulton Views Manned Russ Moon Attempt

WASHINGTON (INS)—A member of the House Outer Space Committee today declared that American scientists would not be surprised if Sputnik III carried a man or animal which the Russians would attempt to retrieve from outer space.

Rep. James Fulton (R-Pa.) said he checked scientists before he made his statement on the Soviets' 2,925-pound moon. He did not disclose their names.

"It certainly means the Russians have the capability of a manned vehicle," Fulton said.

Calling the latest Soviet launching "ominous," Fulton said it indicated the Russians had developed an intercontinental missile of more than 350,000 pounds thrust. The biggest American missile, the Atlas, is generally believed to have between 250,000 and 300,000 pounds thrust.

Scientists, according to Fulton, use a rough rule of thumb that it takes 100 pounds of thrust to launch one pound into outer space. However, there must be a big safety margin, Fulton stressed.

Two Regulus Firings Loom

BRUNSWICK, Maine (AP)—The Navy said today it plans to launch two Regulus I missiles again Friday in the wake of Maine's first missile launching at Brunswick Naval Air Station.

Cmdr. Daniel D. Decker, public information officer, said the training flight of the two missiles Wednesday was very successful and completely satisfactory.

The recoverable 500-mile range missiles stayed up for about an hour before returning to the base and landing.

The announcement was made after John Wesley Riadon, 41, and William Earl Smith, 30, were arrested at the Nashville, Tenn., airport. Baughman said the two men had \$60,000 in phony money in their possession. The Secret Service chief said there had been 11 previous arrests, starting in Atlanta last December.

Baughman said Riadon admitted he made the money near Donelson, Tenn., and that Smith was his principal distributor.

Opposition To Tax Cut Solidifying

Sentiment Favoring Some Excise Levies Slash As Stimulus

WASHINGTON (AP)—Sentiment appeared to be solidifying in Congress today against any general tax reduction and in favor of cuts in some excise levies.

Four key senators said in separate interviews they believe excise reductions would give a greater stimulus to the economy than action to lower income taxes.

President Eisenhower was described by an influential Republican senator as indicating at White House meetings that he is opposed to a general tax cut.

Backs Car, Rail Proposals Sen. Robert S. Kerr (D-Okla.), a member of the Senate Finance Committee, said he will support action to revise the 10 per cent levy on automobiles, the 3 per cent charge on freight and the 10 per cent charge on passenger transportation.

Kerr predicted corporation taxes will be held at 52 per cent and that individual income levies will remain unchanged.

Sen. Irving M. Ives (R-N.Y.) discounted chances of a general tax cut this year.

Gore Finds No Support Sen. Albert Gore (D-Tenn.), a finance committee member, said he doesn't find any sentiment, particularly from his state, for a general tax reduction. He said he would favor readjustment of the excise levies.

In other developments Wednesday: 1. In New York, the National Industrial Conference Board reported that consumer prices rose 3.2 per cent above the level a year ago to set a new high for the 24th consecutive month. Food prices rose most.

2. The Federal Reserve Board said production in mines and factories dropped in April for the eighth straight month, reaching the lowest point since 1954.

3. The Senate, as a means of increasing automobile sales, passed a bill to require that all new passenger cars carry the manufacturer's suggested retail price along with prices of extras and accessories.

LA PAZ, Bolivia (AP)—Rebels held parts of oil-rich Santa Cruz Province today but the Bolivian government claimed to have headed off a nationwide uprising.

President Hernan Siles Zuazo ordered troops to the eastern province and declared a state of siege—modified martial law—over the entire country.

The government said the revolt was led by Santa Cruz leaders of the extreme right-wing Falange and the Communists.

An official spokesman said their aim was to stir up a nationwide revolt that would interfere with parliamentary elections in June and prevent the return of former President Victor Paz Estenssoro, who has been ambassador to London for two years.

Troops Start Home WASHINGTON (AP)—Paratroopers and Marines, rushed to the Caribbean after mob attacks in Venezuela on Vice President Nixon and his wife, started back home today.

WASHINGTON (AP)—Thomas L. Stokes, 59, nationally known columnist and a Washington newspaperman for nearly 40 years, died of a brain tumor Wednesday.

He had worked for the United Press and later for the Scripps-Howard syndicate as Washington correspondent for the New York World-Telegram before starting his column in 1948. He was born in Atlanta.

Mr. Stokes' column was an editorial page feature of The Evening Times.

Company Heads See Sales Dip NEW YORK (AP)—Presidents of more than 100 leading companies expect sales this year to average 5 per cent below 1957 and earnings to be down 8.4 per cent, Dun's Review and Modern Industry said today.

The publication said the companies represent a cross section of the largest U.S. industrial concerns.

HONOLULU (AP)—A decorated infantryman of the Korean War singles out for national tribute today a comrade-in-arms who fell unknown in that far off fighting.

In a simple ceremony, M-Sgt. Ned Lyle will place a wreath of Hawaiian flowers on the casket of one of four unidentified dead of the Korean conflict.

The serviceman Lyle selects will be flown to Arlington National Cemetery for burial beside the Unknown Soldiers of two world wars.

The four unknowns, representing the four branches of the U. S. armed services, were chosen previously from among 853 unidentified dead of the Korean War interred here.

These remains were assembled from various cemeteries in Korea. The final group was brought here in 1956.

In a similar ceremony Friday, an unknown serviceman of Pacific fighting in World War II will be selected at Hickam AFB near Honolulu.

He will be chosen from among six unknowns assembled from burial sites in the Philippines and Hawaii. The unknown selected will be flown to Arlington National Cemetery for burial.

New French Leader Gets Socialist Aid

Pfllinlin's Attempt To Halt Algeria Coup By Military Backed

PARIS (AP)—Premier Pierre Pfllinlin's new government won Socialist aid today in the struggle against the spreading French military coup in Algeria.

Former Premier Guy Mollet, as leader of the Socialist party, agreed to become deputy premier.

Mollet's decision is expected to be followed by a gesture to the French colonials and military in Algeria, who underscored their defiance of Paris by organizing additional "committees of public safety."

La Coste Return Seen This gesture would be the re-appointment of Robert La Coste as minister for Algeria. Although a Socialist, he is acceptable to Frenchmen in Algeria demanding no compromise in the battle to stamp out the 3½-year-old Algerian nationalist rebellion.

Defense Minister Pierre de Chevigne took new measures against the military in Algeria and Rightist-Communist troublemakers at home.

Rigid Discipline He sent orders to all ministry commanders to enforce rigid discipline and suppress any agitation among the troops. Commanders in Algeria were told to report directly to the Defense Ministry, instead of to the high command in Algiers. There was no indication whether the officers in Algeria were obeying.

More than 16,000 reinforcements were brought in to help Paris police keep order. Armored units ringed the capital were on constant alert.

Mamie Will End Visit To Denver DENVER (AP)—The nation's first lady will end her five-day Denver visit this evening.

Mrs. Mamie Eisenhower and her party are scheduled to return to Washington by train.

Mrs. Eisenhower, her sister, Mrs. H. Gordon Moore, and the First Lady's personal physician have been here since last Sunday.

The sisters have been visiting their mother, Mrs. Elvira Doud, who has been in poor health. She observed her 80th birthday Tuesday.

Grain Prices Irregular CHICAGO (AP)—Trading in grain futures was moderately active today at the opening of the Board of Trade and prices were irregularly steady to weak.

Mother, 21, Tot Electrocuted As Bus Rams Pole DENISON, Tex. (AP)—A Jefferson Lines bus skidded off a rain-slicked highway early today, hit a tree and a power pole and split open. A young mother and her child were electrocuted. Four passengers were injured.

A passenger Irvine Echola of Kansas City, Mo., said the bus driver apparently swerved to miss a auto and plunged off the road.

Mrs. Shirley Stith, about 21, of Fort Worth, and her daughter, Melanie Jane, about 1½, were killed. Echola said the baby fell out of a six-foot gap in the side of the bus. When the mother jumped out to get her, he said, they were electrocuted.

Four persons were treated at a hospital in this north Texas city. The bus, with 18 passengers and the driver, was en route from Dallas to Minneapolis.

Brucker Says Third Sputnik Not Startling PROVIDENCE, R. I. (AP)—Secretary of the Army Wilber M. Brucker professed today to see "nothing startling" in the announced launching by the Russians of Sputnik III.

"We've been expecting it for some time," Brucker said in a news conference here.

Sputnik Radio Signals Heard

NEW YORK (AP)—Long Island receiving stations of two communications companies picked up radio signals from the new Russian satellite shortly after 10 a. m. today.

Both said the satellite was steadily transmitting the letter "L" in Morse code.

The Radio Corporation of America said its station at Riverhead got the first pick-up. The International Telephone and Telegraph Company, which has its station at Southampton, about 25 miles from Riverhead, got the second.

Both firms described the signal as relatively high pitched in tone.

UAW To Lift Veil At Ford Pact Parleys DETROIT (AP)—United Auto Workers officials indicated today they will continue their news blackout at General Motors Corp. contract negotiations but lift the veil of secrecy at Ford Motor Co.

The policy split became evident when negotiations at the two companies resumed today. UAW Vice President Leonard Woodcock said as he entered talks at GM that he favors keeping the news blackout in force.

GM, as it has before, was expected to honor the UAW request there.

However, Eugene E. Prato, chairman of the UAW's National Ford Council, told newsmen as he went into the Ford negotiations that the union will not ask for a news blackout there on further negotiations.

A Ford spokesman said, "The Ford Motor Co. never asked for a blackout—we just went along with the union's request and there is no reason to believe we will ask for a blackout now."

Chrysler negotiators went into session without any indication of whether the blackout there would be continued or lifted.

Americans To Stay Beirut was quieter after an estimated 20 persons were killed here Monday and Tuesday. U.S. Ambassador Robert McClintock said he had no intention of moving Americans out of the capital city.

But the chartered ship Jackson Creek was sent to the north Lebanese port of Tripoli, where 53 Americans were being urged by U.S. diplomats to go to Beirut.

Several ships of the U.S. 6th Fleet suddenly sailed from Gibraltar toward Lebanon and British vessels also were steaming eastward in the Mediterranean.

Both Washington and London said the ships were part of a "routine NATO naval exercise" planned before rioting began Saturday.

Zsa Zsa Angered, To Sue If Hays Repeats Remarks WASHINGTON (AP)—Zsa Zsa Gabor says she'll sue Rep.-Wayne Hays (D-Ohio) for slander if he repeats outside of Congress his remark that she "apparently is the most expensive courtesan since Madame De Pompadour."

Hays made the remark Wednesday during House debate on the foreign aid bill. He was referring to expensive gifts given Miss Gabor by Lt. Gen. Rafael Trujillo Jr., son of the Dominican Republic's strong man.

Speaking through a public relations firm, Miss Gabor a few hours later challenged Hays "to come out from behind" the congressional walls of immunity and repeat his statement about me."

"I will sue him for his slanderous statements," she said. Miss Gabor is here to fill a night club engagement.

During the House debate, Hays tried to cut off aid to the Dominican Republic, but his amendment was defeated 79-32.

Hays quoted a telegram from the Dominican ambassador saying young Trujillo is paying his expenses out of a \$50,000 monthly allowance from his father. The ambassador entered his protest against congressional discussion of Trujillo's private affairs.

Noting that the aid bill carries \$600,000 for the Dominican Republic, Hays said that just equals the young general's allowance for a year.

Ike Heads Thousands At Airport

Welcome Likened To That Given To Returning Hero

WASHINGTON (AP)—Vice President Richard Nixon returned to Washington at 11:57 a. m. (EDT) today from his riot-marred South American tour and was greeted by a roaring welcome from thousands of well-wishers.

President Eisenhower led a welcoming group that numbered thousands of diplomats, congressional leaders, politicians, college students, and just plain citizens.

Nixon's aircraft was flying a small American flag and the vice president's flag beside the pilot's and co-pilot's windows.

As it rolled up beside the reception area the door of the plane was opened and the notables on hand, headed by Eisenhower, moved forward to the foot of the stairway to greet the returning vice president.

Wife First Out Pat Nixon, the vice president's wife, was first through the door with Nixon a step behind. The crowd yelled and waved.

It was the kind of greeting a returning hero would receive. Eisenhower had in effect given something of that touch to Nixon's arrival by praising in advance the calmness, fortitude and courage he said the vice president had shown in adversity.

Eisenhower was the first to greet the vice president.

The President stood in the midst of the crush of people, in almost complete disregard of the usual security processes.

The receiving line turned into something approaching a mob scene.

Eisenhower walked just ahead of Nixon down the confused receiving line, grinning and chatting.

Contrast In Scenes The great show of warmth contrasted with the grim scenes Nixon had so recently left.

He was stoned in Lima, Peru, last week when an anti-United States demonstration got out of hand. And this week in Caracas, Venezuela, he was the target of violent mob attacks which some observers felt created a very grave danger to his personal safety.

The movement to give him a popular expression at a news conference Wednesday—had obtained for Nixon about the kind of reception which some popular foreign king or president might get on coming here.

His trying adventures had been seized upon by two Republican members of the House to try to start a boom for his 1960 nomination by the GOP for the presidency.

After Vice President and Mrs. Nixon had shaken hands with Cabinet members, congressional leaders and diplomats, they stepped up on a microphone-equipped platform from which the President spoke his formal remarks of welcome.

Stock Market Retreats NEW YORK (AP)—The stock market retreated further early today in moderate trading.

## Stans Predicts Deficit At 8-10 Billion Dollars

### More Aid Funds To Be Requested By Ike Leaders

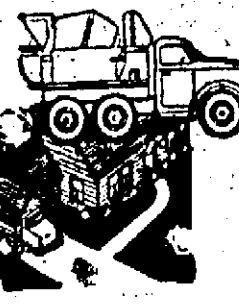

WASHINGTON (AP)—Eisenhower administration sources today said they will ask the Senate to vote more for foreign aid than the \$3,683,000,000 authorized by the House for the year starting July 1.

House passage of the big measure by a 259-134 rollcall vote Wednesday night tossed the issue to the Senate Foreign Relations Committee. Chairman Theodore F. Green (D-R.I.) scheduled closed sessions to write a bill starting next Tuesday.

Advance signs were that the senators would vote authority for more funds, leaving the final amount to House-Senate compromise. Opponents focused on the separate appropriations bill that must be voted later to supply the actual cash.

WASHINGTON (AP)—Budget Director Maurice Stans today forecast a 1959 budget deficit of 8 to 10 billion dollars. He said this calls for a critical look at anti-recession programs that would entail more spending.

"The current recession should not be allowed to stampede us into hasty, ill-considered actions which will add unnecessarily to our future burdens," Stans said.

In a speech prepared for the National Rivers and Harbors Congress, the budget chief said:

"Our income is down, our defense costs are up, anti-recession measures are under way and deficits of serious proportions confront us. Simple prudence compels us to rethink our work program and look critically at each one of the additional expenditure proposals being urged upon us."

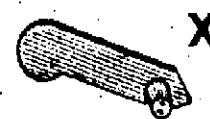

Stans said officials tentatively foresee a budget deficit "in the general range of 8 to 10 billion dollars" for the fiscal year that begins July 1.

## Russian Says: Vital Organs Can Respond To 'Sounds'

By RENNIE TAYLOR  
Associated Press Science Reporter

SAN FRANCISCO (AP)—A Russian medical scientist says the vital organs of human beings can be made to obey visual or sound signals or other communications from the outside.

Glands can be speeded up or slowed down; hearts can be kept from beating too fast under excitement; stomachs and intestines can be given diseases by signals; and then can be cured the same way, he asserts.

This concept opens up a great new field in psychosomatic medicine.

In fact, he went on, humans and higher animals probably do all their functioning through a complicated signal system of this kind. If anything goes wrong with it, the result may be mental illness.

Under this line of reasoning the formula for healthy existence would be to keep the signal system in good working order and to modify it here and there so it would maintain all the body's processes in balance.

The statements came from Prof. Constantine Bykov, director of the famed Pavlov Institute near Leningrad. He talked Wednesday at a news conference at the American Psychiatric Assn. meeting through two Russian-speaking American physicians, Dr. W. Hoesley Gantt of Baltimore and Dr. Jago Galtson of New York.

Prof. Bykov's work is an outgrowth of the discovery more than half a century ago by Ivan Pavlov that a dog could be made to drool at the sound of a bell.

## Leaders Of Riots Against Nixon Got Moscow Training

WASHINGTON (INS) — An impeccable source said today the American government has conclusive evidence that the key leaders of the mobs that stoned Vice President Richard M. Nixon in Venezuela and Peru were trained in "spy schools" in Moscow.

The demonstrations, it was reported, were part of a worldwide Communist conspiracy to subvert free governments and destroy U. S. influence as leader of the free world.

This source, who cannot be identified for reasons of security, said that the signal for the mob demonstration against Nixon and his party was sent out in innocent-sounding radio news commentary broadcasts from Communist stations, beamed to South America.

It was revealed to International News Service that Russia's Communist Party is operating large schools in Moscow and in some of the Soviet bloc countries to train top Red leaders from countries all over the world in the technique of espionage, mob violence and subversion.

**1,400 'Graduated' In Year**

During the past year, 1,400 top Communists from many countries of Latin America, the Middle East and southeast Asia have passed through the clandestine training schools and have "graduated" and been sent back to the countries of their origin to become key leaders of the Communist movement.

The step-up in this type of subversion training doubled in the course of a single year. Seven hundred Communists reportedly received the special Communist training in 1956.

The informant said that during the past three years, efforts by the Communist conspiracy to take over Latin America have increased noticeably.

**Many Students**

The source said Russia's Communist party is getting many of its recruits for the training courses from among university students and fringe politicians who are ambitious to overthrow their present governments and gain power for themselves.

The San Marcos University in Lima, Peru, where Nixon was first spat upon and stoned by a mob, has been one of the hotbeds of the Communist effort in Latin America.

After completing their training in the Communist schools for subversion in Russia, the graduates go back to their countries to become key leaders with instructions to take advantage of every possible opportunity to attack and weaken American influence and to worm their way into influential positions in the local government.

## Price Of Farm Land Sets New Mark For Year

WASHINGTON (AP)—America's postwar boom in the price of farm land hit a new high this year and shows no sign of slackening.

The Agriculture Department today said that farm real estate values climbed by 6 per cent during the year ended March 1 to set a record of 56 per cent above the 1947-49 base period.

The report described the price advance as fairly general over the nation and added:

"The recession in non-farm business activity has thus far had little effect on the farm real estate market."

## SLEEMAN APPEALS TO THE VOTERS OF FROSTBURG FOR UNDIVIDED SUPPORT

I sponsored the legislation for the establishment of the peoples court saving a considerable amount for the city and county.

I sponsored the legislation for the State Teachers College necessary for its expansion. This legislation was passed.

I appeal to the laboring men both union and non-union as an employer of labor for a period of over 40 years at Sleeman Brothers Inc. of which I was vice-president and secretary. We employed union labor, paid union wages, employed non-union men and paid prevailing wages. Had one strike which was settled by an arbitration arrangement in less than ten days. Our contract extended over the entire county and state and West Virginia and Pennsylvania.

I will support any fair labor legislation and all differences between employer and employee should be settled by arbitration.

I appeal to the citizens of Cumberland for their support. I contributed substantially to the purchase of the site of the Kelly Springfield Tire Company which was one of the requirements for its location in the county. As chairman of the Delegation during the former Mayor Thomas Keen administration, that legislation was passed, and today the Kelly Springfield Tire Company is a vital factor in the economy of our county.

I appeal to the women voters and organizations for their support. I have always supported the legislation presented by the women voters and civic organizations of Allegany County.

I gave my undivided support to the Women's Jury Bill.

I will support any legislation for the advancement of better working conditions for women. I firmly believe that "the hand that rocks the cradle rules the world." Upon the women of today rests a great responsibility for the women of tomorrow, and tomorrow and tomorrow.

If elected, I will give the legislation for women my serious consideration.

Lastly, I appeal to the business men of Allegany County. Both large and small businesses can only be successful by rendering service to their customers; give value for value received; smaller profits, fast returns; sound economy, good credit. Sleeman Brothers enjoyed a double "A" rating in Dun and Bradstreet; had a sound credit system and gave the best service they could afford.

I feel qualified to represent the business interests of the state and county. Our state is big business with a one-half billion dollar budget which with an equal distribution of taxes will be of no hardship to any particular group.

By strict cooperation, plenty of hard work, and faith in our ability to meet our demands; we have the best county in the state.

I promise the citizens of Allegany County, if elected, that I will fulfill my duties to the best of my ability.

## Four Boys Suffocated Under Carload Of Salt

DETROIT (AP)—Four schoolboys trying to ride a load of salt out the bottom of a railroad hopper car suffocated Wednesday when they got stuck in the chute and buried in the avalanche.

Would-be rescuers, called by the victims' two playmates, dug with their bare hands, garbage can covers and other makeshift tools in a desperate attempt to free the trapped youngsters.

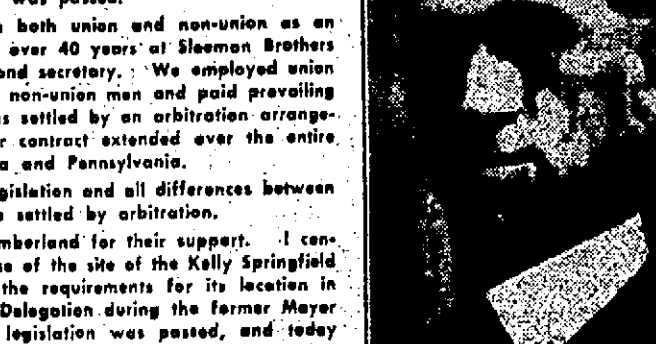

They were too late. Only one of the four was alive when freed and he died soon afterward.

An engineer from a nearby switch engine had to be called to move the railroad car so the salt wouldn't pile back into the hopper, hampering efforts to get the children loose.

Police identified the dead boys as Norman Clatterbuck, 14; Ricky Contardi, 12; Jimmy Healy, 13, and David Lachapelle, 10, all of

## OUR COUNTRY

The union of hearts, the union of hands and the flag of our Union forever.—Morris.

## Off The Track

WHEN IT COMES to making propaganda and stirring up attention-getting incidents, the Communists the world over have always been strong on energy, but only occasionally superior in imagination. In South America they had the energy all right, and they put it into throwing rocks at Vice President Nixon. Their imagination was totally at fault. Nothing could have been more poorly designed to advance the Red cause and damage the free world than this crude assault—which also involved spitting and fruit-throwing—on a high official dignitary of a great country.

IT WILL HAVE, of course, exactly the opposite effect. The Communists are made to look like animalistic barbarians. There are many quarters where you will never get much of an argument on that score, anyway. What the Reds don't seem to understand is that the day is passing when people anywhere will accept carefully engineered outbreaks as the seemingly spontaneous, undisciplined uprisings of the downtrodden masses.

THE STAGED demonstration has become a tiresome, hollow and shabby maneuver that fools no one and impresses few. Violence still makes news, but it seldom any longer makes a point. On the other hand, Vice President Nixon met the crude challenge with a dignity and fortitude which upheld and advanced the best traditions of individual free men. And in the course of it he plainly added to his own stature as a man and a political figure, both in the world and in his own country. If the signals for this utterly stupid attack came from Moscow, then they'd better get a new set. Or maybe some new signal callers.

## Who's The Leader?

COMEDIAN Jonathan Winters has a TV hit he likes to do in which he portrays a Martian who arrives on earth, steps out of his flying saucer and says in a mechanical-nasal singsong to the first human he meets: "Take me to your leader." Imagine the consternation if such a visitor were to set his saucer down somewhere in France. What leader? For weeks the French have had none. And they've had other long periods when a visitor from Mars or any place else wouldn't have been able to find one on French soil. Confronted with the typical French shrugs which would likely greet such a request, our Martian might react by undertaking his own intensive search for the "leader." That could be a pretty bruising experience in France. He would discover a leader for every split hair in that argumentative land, but no leader of all France. As he dashed about the country in his quest, he would run up a list of potentials from factions with a constituency of millions — or perhaps just one. He would listen to argument with a fine intellectual patina on it—well-reasoned, seemingly incontestable, but going nowhere. And that, in the end, is where he would get. Back at saucer-side, ready for take-off, Mr. Martian still would not have found his "leader." Zooming off on the return trip to Mars, leaving the soft French countryside, he'd be forced to conclude that the "earth people" are still pretty primitive folk and really don't know what leadership and government are all about. Most likely Mars would thereupon decide to allow us a few more cons to catch up.

## Back Wash

ROCK AND ROLL gets played on the nation's radio stations on the ground that "we have to give the people what they want." If that's the case, they'd better start playing tape recordings of juvenile street fights. A rock and roll program in Boston would run just that way, and it isn't the first time. The mayor of New Haven, Conn., taking note, barred a rock and roll show set for his town. If nothing else is accomplished by this development, it may widen the suspicion that rock and roll is not music, whatever else it may be. Some liberal folk, striving desperately to display the open mind, have talked of this undisciplined noise as if it might herald the "musical wave of the future."

## Whenever Man Bites Dog, That's Real News

WASHINGTON—Andrew Knutson, farm implement salesman and proprietor of the Oklee Hotel, Oklee, Minn., population 490, has made brilliantly clear the difference between a woman member of Congress and a man member of Congress.

It is that when the husband of a woman member of Congress complains about her job and asks her to come home, he makes front page news. Many of the wives of the 515 male members are unhappy in exactly the same way as Knutson, and mention it freely, both here and in their home districts.

It is a hardy staple of political conversation, in truth and in fact, but somehow it never seems to be news. Once in a while when a wife, homesick for Pocatello, puts it over, the departing statesman will mention that he is bowing to his wife's wishes, and this is unobtrusively recorded in the story. To be brutally frank, it is rarely believed to be the whole or even the real reason, so its treatment in the news is justified.

THIS IS ONE reason why Washington has rallied with remarkable unanimity to Representative Coya Knutson. All the women in Congress—Senator Margaret Chase Smith and 14 other

representatives, drawn from both parties—are naturally indignant.

But Mrs. Knutson's men colleagues also stood up to be counted. Their principal spokesman was the chairman of Mrs. Knutson's Agriculture Committee, who is Representative Harold Cooley, a North Carolina Democrat.

"She's a hard worker and devoted to agriculture," Cooley said. "I wouldn't swap her services on the committee for any man."

Other committee members agree that Mrs. Knutson works at her job. One said it came as a rather pleasant surprise, because she is a cheerful blonde, addicted to rather bright clothes and costume jewelry, and he had thought she might trade on her personality.

THE HOUSE does not really like prima donnas, men or women, and never has. The fact that Mrs. Knutson is more of an average woman in her tastes, her abilities and her outlook than some of her famous predecessors, has been all in her favor with her colleagues. They don't have to be jealous of her, and she has not—until her husband stepped in—outrun them in newspaper publicity, which was all to her good.

Mrs. Knutson is fortunate, too, in her son, Terry, 18, a freshman at Luther College, Decorah, Iowa. He put the matter on the basis of simple justice when he recalled that his father had joined in all the family consultations about his mother running for the House and had agreed.

THE INCIDENT revives the question of the handicaps of women in politics. There can be no question that more is expected of them in the way of character, ability and conservative behavior than of men. They never get to run for office unless their personal affairs are in perfect order, which is not true of the other sex. They are perhaps watched more closely than their men colleagues, not because they are women but because there are relatively so few of them that they stand out more. What they do, say and are becomes common currency rather quickly. Of course, nothing really escapes the cocktail conversationalists here, including the President's dog.

Knutson may discourage some women ambitious for political office, but his reception here really ought to encourage them.

## Compromise Vital In Trade Renewal

WASHINGTON—(NEA)—First showdown on President Eisenhower's speech to the Republican congressmen, opening the 1958 election campaign, came when the House Ways and Means Committee reconsidered extension of reciprocal trade agreements.

It was pure coincidence that the President's May 6 speech came only a few hours after the House Democratic leadership had asked the White House to tone down its request.

President Eisenhower didn't know the House leaders would take this action. And Ways and Means Committee Chairman Wilbur D. Mills didn't know what was in the President's speech.

It would have been a complete retreat—amounting to a political yield—for the White House to tone down its request.

IT WOULD have been an admission that while the President wanted congressional candidates to stick by him, he wouldn't stick by his own principles. That would have freed Republican congressmen to do as they pleased—not only on reciprocal trade agreements extension—but on foreign aid and Pentagon reorganization as well.

That's why Secretary of Commerce Sinclair Weeks, in charge of the bill for the administration, had to send back word to Chairman Mills that the White House wanted full five-year renewal of the act, with no amendments.

What White House compromises have been shooting for is a three-year extension, or even a one-year extension. It was thought with this shorter renewal there would be less pressure for tariff increases amendments from the floor, on specific commodities.

The fear is that in this election year, too many congressional candidates will vote for protection of their home industries

against foreign import competition.

A one-year extension would push the issue into the background till after the November elections are over.

IN ONE SENSE, a one-year extension might be better than a three-year renewal up to 1961. This would hit right in the middle of European Common Market negotiations, and it might do all kinds of damage.

That is why the Eisenhower administration asked for a five-year extension. Next renewal would come up in 1963, which would be after 1962 mid-term elections were over.

From this point of view, a one-year extension now without amendments, then a four-year extension in 1959, would be better than a three-year extension now. The Eisenhower administration is by no means ready to make a deal of this kind—yet.

One trouble is that up to this time the House Republican leadership hasn't known how its forces lined up.

In 1955 there were 66 Republicans for trade agreements extension and 140 Democrats. This

was on the all-important vote to recommit, before final passage.

HOUSE Democrats took a poll just before Congress recessed for Easter and found 136 votes in favor of renewal. This was considered pretty good—a drop of only four votes in three years. Thirty Democrats polled were opposed to renewal, the others uncertain how they would vote.

A more recent Democratic nose count wasn't so good. It showed only 91 for renewal, 99 opposed.

This was what blew the wind up the pants legs of the House Democratic leadership. This is what led to the appeal to the White House for a compromise.

One other factor is that Chairman Mills is new on his job. He doesn't exercise the leadership over Ways and Means Committee that previous Chairmen Jere Cooper, Bob Doughton and Dan Reed did.

Wanting to get a bill that would be sure to pass the House, Chairman Mills has talked compromise from the start. That's what has made the going tough for the Eisenhower program.

NO LIMIT—The pint-a-week limit on medicinal liquor is off. Beginning today, physicians may prescribe as much as they think their patients need and they don't have to tell the government what the ailments are that require whisky treatment. This deals with the second of the prohibition laws, the first being the legalization of 3.2 beer and wine.

AUTHORIZE INSPECTION—The Mayor and Council today authorized the city inspector to check all private and public garages to determine if traps are provided for disposition of oil and other refuse to prevent the clogging of sewers.

## Glancing Sideways

NEW YORK—The New York psychiatrist I mention here every now and then, and to whom I have not applied as a patient (but give me time!) dropped by after dinner the other night and forthwith said he had a perplexity. He had been told a dream by a patient that afternoon and he could not solve its rationale. I take it that "rational" is a psychiatric way of saying that he couldn't explain the dream to the patient in terms of what it really meant.

"I'M GOING to recite the dream exactly as told to me," he said. "Then you give me a quick, impulsive explanation. Don't really think. Just say what first occurs to you. It may help. Ready? I'll use the patient's own words from notes I took. Here is the patient, talking in a sort of reverie:

"I was in the rather quaintly furnished, small living room of a low-ceilinged cottage. I know, without going outside, that the cottage was made of shingles painted white and that it was authentically old. I even knew that on one corner, the downspout leaked and there was a streak of rust down the white shingles. Yet I never left the room.

"I was setting out tea things: silver pot, saucer of sliced lemon, a few cookies and, oddly, a little dish of cut lettuce leaves. As I finished this little task, the doorbell rang and I knew that my guest, a girl rabbit, was there.

"I opened the door to her and, sure enough, it was a girl rabbit. Little dress on, becoming hat, gloves. We greeted each other and she came in, put down her gloves and took an armchair at one end of the tea table. I took the other chair.

"IT DID NOT seem at all unusual to have a dressed-up, female rabbit as a house guest. A tea guest, really. We talked about people we knew and how they were. I poured tea and offered her tea cake and she politely, said no, but if I didn't mind she'd try a little lettuce.

"I passed the dish of lettuce to her. She took a leaf and put it to her mouth and nibbled, as rabbits do. And, for the first time, I noticed with concern how terribly thin she was. Noticeably so.

"I SAID: 'My dear, aren't you losing weight rather fast?' She said with a little smile, 'Yes, I am, but it's deliberate. I'm

## Big Smiles And No Drip

WASHINGTON — You invest- ed lately in a shoe shine? Had your windshield wiped? Bought a cup of coffee in a drugstore? Then you've noticed it, too: Service with a smile. The recession brought it back, and that's a silver lining for sure. I don't like the idea of anybody getting fired, ever, but we're all human, and that includes the girl at the soda fountain.

She's likely to try harder and be cheerful about it when other young ladies are lined up, waiting for her job. I got to thinking about this while getting for the first time in years a real, musical shoe shine. The boy made the rag sound like a kettle drum; he was pleased, and said so, when I gave him a 10-cent tip.

THE CLERKS in the stores somehow seem to be on their toes; the other day one thanked me for dropping in, even though I bought nothing. That hadn't happened to me since 1933. Here lately I've got fancy windshield-cleaning service at every filling station I've patronized. At one of them my windshield got polished before I even ordered the gas, and that, in my experience, is unique.

All this is by way of leading up to the business debacle of Colonel Frank Holeman, newspaper reporter, former president of the National Press Club, and inventor or co-inventor.

THE COLONEL is a tall man; he wears bow ties. This leaves a large expanse of white shirt front between his chin and the top button of his coat. He suffered from those sloppy wait- resses.

Every time he'd order a cup of coffee, seemed like, some of it was split in the saucer. A drop of this always adhered to the bottom of the cup, which dribbled a brown stain down Colonel Holeman's shirt front. This caused him to brood.

If the help were to continue

married to the magician now, you know.

Her words made enormous sense to me. They did not startle me at all. I was, I must say, a little puzzled, but not startled. So I said: 'I don't quite see...'

"And she said, putting down her teacup as women do when they are about to launch into a long speech. Well, it's this way. I'm not his first wife. My job is to be pulled out a hat, you know. It isn't an arduous job and one can tend to become lazy and relaxed and that leads to fat. He had three previous rabbits as his wives and in the act and each one did that, and they became plump little things. So, of course, he cooked them.

"Magicians don't work as often as they used to and, I suppose, poor fellow, he was hungry. Anyway, that's what happened. So when he engaged me for the act and later married me, I determined that this was a good job and he was a good husband and I was going to lose both by going to fat. So I am keeping thin to save my life and to stay employed.

"And right there the dream simply ended. Doctor. It ended the way the end of a film suddenly comes and there is only a blank screen."

The psychiatrist looked at me and said: "That's it."

"YOUR PATIENT is an actor," I said, as 'quickly as' possible.

"Yes, he is," he said. "I think that is made rather plain. The association with the magician bit and the rabbit saying, 'Magicians don't work as often as they used to.' An actor would be familiar with that situation. Also, the fact that he wasn't startled by having a show business rabbit for a tea guest.

"Actors are used to entertaining unusual creatures, or beings, or people, any word you want to use. It's pretty plain he was an actor. It is pretty plain he lives sparsely in a rented room or small hotel room and the tiny, quaintly furnished, pleasant little cottage is a dream-vision to live like that.

"But he is also a realist and, therefore, the rainspout spills rust down the side of the cottage. All that is clear enough. What about the three previous wives and the unstarled acceptance of a thin little female rabbit as a fourth wife? That is the puzzle."

It beats me, too.

## Reporter's Notebook

NEW YORK—Sorrow comes in time to many fine old families. But the tragedy that has befallen Louis and Elaine Lorillard of Newport is indeed almost unbearable.

Their only two children—Pierre, 8, and Didi, 11—are rock 'n' roll fans.

"We are doing our best to convert them," said Elaine bravely, "but so far we have had no luck."

What makes her plight even more ironic is that she and her husband, an agile offshoot from the proud old Lorillard tobacco tree, are perhaps America's leading missionaries for a pre-rock 'n' roll type of music—the one known as jazz.

In fact they are famous for having brought jazz to Newport, the sedate Rhode Island seaside resort where they dwell in a mansion so large Mrs. Lorillard never has found enough free time to count its rooms.

UNTIL 1954 THE most notable music in Newport was the soft slap of surf on sand, the gentle murmuring of hardening arteries and the vague noises of dear old ladies reading the novels of Henry James aloud to cure their insomnia.

But in that year the Lorillards staged the first of a series of annual jazz festivals there.

The barriers of the Old Guard—their longpettes—were raised at once in an icy wall against the invasion.

"The resentment wasn't so much against the music, as the fact the town was overrun all at once by 3,000 visitors," said Elaine. "But the tradespeople were happy. We were boycotted for a time socially, in a very subtle way. I think that's all over now, but frankly I don't care."

The truth is that many of the Old Guard have swung the other way. Many are looking forward to the fifth jazz festival this summer, at which 60,000 visitors are expected.

IT WILL BE featured by a specially created international youth band, made up of young jazz musicians from 17 foreign countries, including two from behind the Iron Curtain. Its concert will be recorded by the Voice of America and broadcast overseas.

"This should be very exciting," said Mrs. Lorillard. "To many Europeans jazz is the only form of culture America has produced."

Elaine, a pretty blonde who wears blue sunglasses—what other color would be suitable in Newport—and a diamond ring that would blind an owl at midnight, is now known by the trumpet-toting set as "the First Lady of Jazz."

It was a common interest in this form of music that sparked the romance of Elaine and Lorillard. They met in Europe during World War II. She was a Red Cross worker. He was a major.

## Washington Scene

WASHINGTON — Despite heck, high water, and Harry Truman, the Defense Department has finally gotten around to lating the late unpleasantness in Korea as a war. Officially, it is no longer just a "Police Action," as the former President insisted upon calling it, nor even a "Conflict," as the Pentagon has been euphemizing it.

From the Office of the Army Chief of Staff this notice has been sent to all branches:

"Memo: D.C.S.L. Subject: Use of Terminology, Korean Conflict."

"The Terminology 'Korean War' will be used in lieu of the terminology 'Korean Conflict' in all correspondence, publications, and briefings."

"Authority: Office, Chief of Staff."

A lot of Americans who were over there will probably derive satisfaction at last from the assurance that they were fighting a war, not just playing cops and robbers.

COINCIDENTAL with the visit of the lovely and democratic Princess Astrid, of Norway, to this country, Minnesota is celebrating its centennial. Gov. Orville L. Freeman asked President Eisenhower to make the celebration official by issuing a proclamation.

Well, the President doesn't just sit down and dash off a proclamation. A thing of this sort has to be done through channels.

Mr. Eisenhower therefore requested Secretary of State John Foster Dulles to start the proclamation wheels in motion. Dulles, who has a few other chores on his mind these days, delegated it to his proclamation chief.

With the advice and guidance of a staff of experts, the latter finally came up with a fine, resounding proclamation, which began:

"Whereas as early as 1659 the white man entered the land known as Minnesota, previously seen only by native Indian eyes."

Now you may not be aware of this—I confess I wasn't—but even the President and the State Department combined aren't considered sufficient authority under the law for the issuance of a Proclamation. For the document to be legal, it must be reviewed and okayed by the Justice Department.

THE MINNESOTA centennial pronouncement was turned over to Attorney General William P. Rogers, who turned it over to his proclamation advisers. They were on the point of okaying it, when the youngest and newest member of the staff—a recent college graduate, who hasn't yet had time to forget all his history—offered an objection.

He said he envisioned historical controversy if the President proclaimed that only Indians had seen Minnesota up to 1659. He said he had been taught in school that the Vikings were there in 1362, and that moreover the Smithsonian Institution has a stone which historians aver bears this out. The bright young legalist said he feared there might be repercussions from Americans of Scandinavian origin if there was any implication that the Vikings were not white men.

The proclamation was returned to the State Department, which rewrote the document, cleared it with the Attorney General, and delivered it to Mr. Eisenhower.

Safe and disputation-free, the Presidential proclamation now begins:

"Whereas the saga of settlement of the vast land of Minnesota by a long line of explorers, traders, and pioneers has stirred hearts—"

It contains no mention as to when this heart-stirring began, or by whom.

# Gun Barrel Exhibited At Court Trial

## Weapon Admitted Despite Objection Of Defense Counsel

BALTIMORE (AP) — A shotgun barrel identified by FBI experts as part of the weapon used in a \$17,000 bank robbery was exhibited today at the trial of two Washington area men.

On trial are Robert W. Prince, 27, of Mount Rainier and Tyrus F. Jones, 28, of Capitol Heights, both charged with the holdup last Jan. 26 of the Marlowe Heights branch of the First National Bank of Southern Maryland.

Both defendants have pleaded innocent.

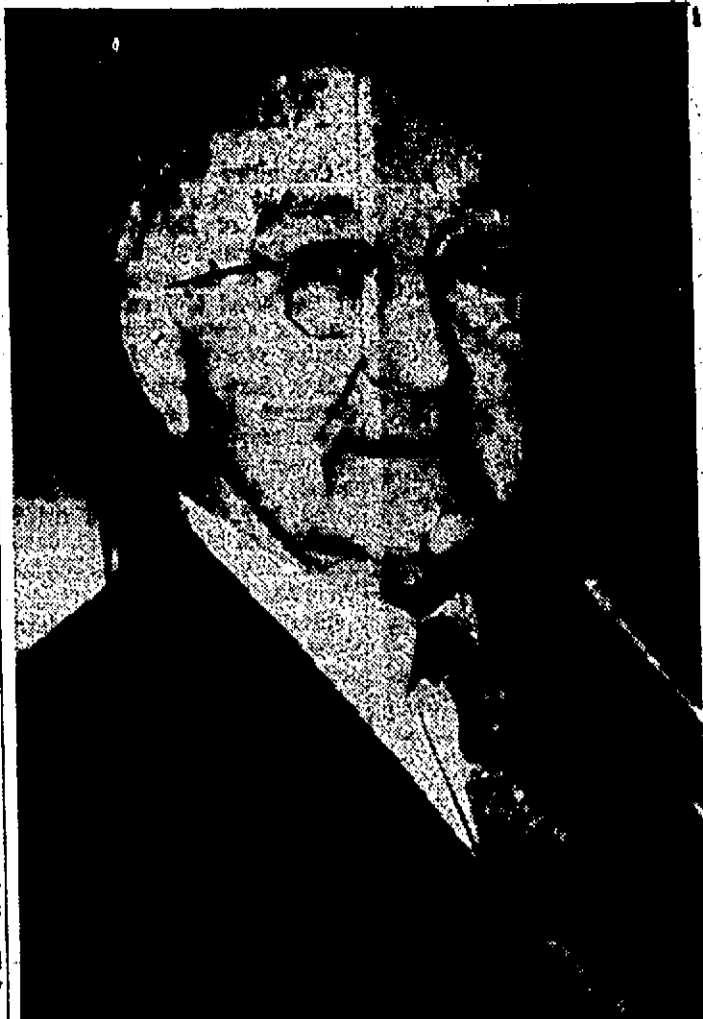

The shotgun barrel was admitted as evidence yesterday by Federal Judge R. Dorsey Watkins, after first ruling that the evidence was not relevant to the case. After a recess, Judge Watkins announced he had changed his mind.

The weapon was admitted against strenuous objections by defense counsel.

Celestino V. Lazzarri, a Howard University freshman, testified he saw Donald Jones, brother of the defendant, toss a white bag from a bridge into the Anacostia River last Feb. 12. He said he notified the FBI. The bag supposedly contained the shotgun barrel.

FBI experts said the identity of the barrel could be determined by testing the metal composition and paint of the weapon.

The defendants also are accused of holding a bank teller and his family captive during the holdup in violation of the federal hostage statute.

PETRILLO TO RETIRE — James Caesar Petrillo, president of the American Federation of Musicians, has announced he will step out as head of the organization. The 66-year-old Petrillo became head of the Chicago Musicians Union in 1923. He started as a trumpet player. "I thought I had better run for president of the union," he said. "If I'd been a good trumpet player, I'd never been here." (AP Photofax)

# Youth Ordered Sent To Greece

PITTSBURGH (AP) — A 19-year-old youth who jumped ship and married a woman from nearby McKeesport has been ordered deported to his native Greece.

Milton Milich, special inquiry officer for the U. S. Immigration Service, described the marriage of Nicholas Tsantes and 28-year-old Kathleen Winemiller as a "sham."

She said she married him at his aunt's request but she said they never lived together as husband and wife.

Among the 65 leading industries of Ohio, two for which it is famous are the manufacture of such dissipated products as dirigibles and playing cards.

# Wheeling Airport Claims First Life In 12 Years

WHEELING (AP) — A Boonton, N.J., man was logged today as the first fatality at Stifel Field, the Wheeling-Ohio County Airport about 10 miles north of here, since the facility was opened in 1946.

Dayton-MacMillan, 32-year-old employee in the engineering department of Aircraft Radio Corp. at Boonton, near Newark, was killed last night and three companions were injured when a private plane crashed short of the field.

Listed in critical condition with possible internal injuries was a Donald Kurtz, also 32, of Rockaway, N.J.

Thomas Houghton, 27, of Franklin Lakes, N.J., received a scalp laceration and possible arm fracture, while John A. Doremus, 42, of Mountain Lakes, N.J., pilot and owner of the plane, suffered multiple cuts about the head.

The three injured also are employees of the Boonton corporation. The plane was en route from Dayton to Boonton when it developed engine trouble about five miles from Wheeling.

A CAA spokesman reported that a request was received from the four-place Beechcraft Bonanza at 10:05 p.m. (EDT) for permission to land at the field, but that the message gave no indication the craft was in trouble.

Flying conditions were perfect as it approached a runway from the northeast, but just short of the strip the engine died and the plane slammed into a ravine bank.

# Retired Army Man's Body Found In Bay

MATAPEAKE, Md. (AP) — The body of a retired Army colonel from Baltimore, missing since he fell from a boat May 4, was recovered from Chesapeake Bay yesterday.

The body of Paul Robert Hartman was found about a quarter-mile south of the old ferry terminal here by Bryan Walters, a waterman clamming in the area.

Dr. W. H. Fisher, Queen Annes County medical examiner, declared Hartman dead of drowning.

The 56-year-old Hartman was reported missing after he fell from his motor cruiser off Miller's Island near the mouth of the Patuxent River.

Mrs. Hartman said her husband fell in shortly after complaining of a pain in his chest and exertion after working on the motor of his motor cruiser. She jumped in after him but was unable to hold him on the surface.

Hartman disappeared before persons in a second boat, which the Hartmans had hired for a tow, could assist.

The victim retired from the service last year with a heart condition.

# State Legal Heads Clear Use Of Tax

BALTIMORE (AP) — State legal officers have issued statements to clarify the application of the new State tax on cigarettes.

The General Assembly early this year enacted a 3-cent tax on each pack of cigarettes over the veto of Gov. McKeldin to finance pay raises for public teachers.

Theodore C. Waters Jr., assistant attorney general, said in a letter to sales tax officials that the tax:

1. Applies to cigarettes held by wholesalers for sale to jobbers who in turn would resell for use in coastal shipping.
2. Applies to cigarettes held by wholesalers for direct sale to coastal shipping.
3. Does not apply to cigarettes purchased from a manufacturer in another state and held under bond in Maryland for use by crews in ocean shipping.
4. Applies to sales through post exchanges and vending machines on federal reservations.

The new tax is effective July 1.

# 'Stolen' Auto Found At Home

POWELL, Wyo. (AP) — Bob Robertson's car stalled near Powell late one night and he decided to leave it along the highway.

The next morning he took a truck and chain to pull the stalled car into town. It was nowhere in sight. Robertson decided the car had been stolen and reported it to the police.

Returning home to obtain the vehicle registration number, he noticed the garage door ajar. There was the car. Some thoughtful friends had brought it home during the night.

# Marlon Brando Father Of Son

HOLLYWOOD (INS) — Actor Marlon Brando's first-born arrived Sunday night.

The child, a 7-pound, 10-ounce son, was born to Brando's actress wife, Anna Kashfi, at the Cedars of Lebanon Hospital.

Brando was a typical father. He passed the floor outside the delivery room. Then, when told that the baby had arrived, he dashed to the telephone and gave his father the news.

Giant transformers for electric utilities in the United States are now so large that a special railroad car in three parts has been designed to deliver them. The new car will carry a transformer weighing up to 500,000 pounds.

## Good Points Reported In Nation's Economy

By SAM DAWSON  
NEW YORK (U) — It's a spotty recession we're having. And the chances are still good that its rolling quality will continue and bring the nation through this upset in like fashion to others we've had since World War II.

This spottiness shows up in the official figures this week on just where the economy stands.

While industrial production as a whole is down more than 12 percent from its peak, the total output of goods and services is off only 4 per cent.

While consumer buying of durable goods is down, purchases of soft goods and services are up.

While factory payrolls are lower both in number employed and in total pay, farm income is up.

While production of capital goods for industry and durable goods for consumers continues to slide, home building is looking up and easier money is fostering the plans of states and local governments to speed up construction of many public works.

These are the things that the dull statistics tell have been happening. They indicate that the rolling nature of the recession—the bad times for some, especially the makers of durable goods, being counter balanced to some extent by the good times for others—is still with us. The optimists count on this to ward off a really bad slump and in time to cure present conditions.

Here are the figures:

The nation's output of goods and services in the first three months of 1958 was at annual rate of 422 billion dollars, compared with the record 440 billion set in the third quarter of 1957.

But the biggest drops came from two things: Inventories were being liquidated at a record post-war rate of nine billion dollars a year; and purchases of equipment by business was off by 2½ billion. Neither of these declines has run its course yet, but there's no reason to suppose they can go on for ever, or even for much longer.

Consumer purchases perhaps are being watched most closely of any of the recession's indicators. Buying of durable goods is off nearly three billion dollars, but the rise in purchases of soft goods and services trimmed the total loss to about 1½ billion.

This leaves consumers spending at an annual rate of 281½ billion dollars.

## Eastern Fuel Workers Plan Summer Spot

PITTSBURGH (U) — The sons and daughters of the mine and store workers of Eastern Gas and Fuel Associates will be coming to the company's two recreation camps in West Virginia this summer for the 24th consecutive year.

Virgil M. Beckett, the company's welfare manager, announced that Camp Thomas E. Lightfoot near Hinton will open June 23 and Camp Washington Carver near Beckley Aug. 4.

He said that be the end of the summer about 900 boys and girls between the ages of 12 and 14 will have passed two-week periods at one or the other of the camps. They will bring to more than 17,000 the total of youngsters who have benefited under Eastern's summer camp program since it was inaugurated in 1935.

Eligible to attend are the children of all company employees at coal mines, offices or general department stores in West Virginia and Pennsylvania.

## Maryland Solons Divided On Vote

WASHINGTON (U) — Following is the vote by which Maryland and Delaware members of the House voted yesterday as the House passed and sent to the Senate a bill continuing the foreign aid program:

Maryland Democrats for: Reps. Fallon, Friedel, Garmatz, Lankford.

Maryland Republicans for: Reps. Devereux, Hyde, Miller. Delaware: Rep. Haskell (R) voted for.

## Anne Arundel County Jail In Bad Shape

ANNAPOLIS (U) — A State jail inspector has recommended that Anne Arundel County commissioners take immediate steps either to renovate the old county jail or to build a new one.

Joe B. Dellinger, an inspector for the State Department of Correction, listed this as the first of eight recommendations made to the commissioners in a letter received yesterday.

Dellinger, basing his opinions on a May 4 inspection trip, said the jail in Annapolis is overcrowded and understaffed.

His first recommendation is "that immediate steps be taken to either renovate and enlarge the present facility, or abandon completely the present site and construct a new jail installation further out of the city where some occupational and productive farm work may be done."

Dellinger's letter to Board President Ralph L. Lowman asked "an early response from you so that in the time intervening between now and... my annual report... we can say something more complimentary regarding the Anne Arundel County jail situation."

Lowman and Sheriff Joseph W. Alton clashed last month over a grand jury report criticizing conditions at the jail.

The grand jury accused the commissioners of "gross negligence" for permitting the conditions to exist.

Lowman, a county Democratic leader, labeled the report "political" and laid the blame for the jail's condition on Republican Alton.

Lowman made no comment on Dellinger's report.

## West Virginia Lists Changes In State Group

CHARLESTON (U) — Resignation of the assistant director of the Department of Employment Security and appointment of an acting assistant director to replace him were announced today by Director Henry L. Ash.

Patrick M. Connell has resigned as assistant director to accept one position of chief of employment services for Region III of the Federal Bureau of Employment Security at Chambersburg, Pa. The region covers six states.

Ash named Brumbaugh Stephens to become acting assistant director effective next Monday. Stephens, a Pocahontas, Va. native who has been with the department since 1936, moves up from the position of chief of research and statistics. Named to replace Stephens in that post was Joseph Finerty, labor market analyst, who has been with the department since 1955.

Connell, a Morgantown native, started with the National Reemployment Service in Morgantown in 1935. He has served as interviewer, Morgantown office manager, appeals examiner, job analyst, field supervisor, area manpower director and chief of operations.

Since 1946, he had headed the State Employment Service Division with responsibility for all field operations of the department.

## Dole, Founder Of Big Pineapple Industry, Dies

HONOLULU (U) — James Drummond Dole, 80, founder of Hawaii's 116-million-dollar pineapple industry, died Wednesday about five hours after suffering a heart attack at his Honolulu home.

Born in Boston, Mass., the son of a Unitarian clergyman came to Hawaii in 1899 when he was 22.

He started growing pineapples for canning in rural Oahu and organized the Hawaiian Pineapple Co. in 1901 with 16 employees. The firm now has about 3,000 year-around workers and up to 7,000 in the packing season.

## Business Briefs...

DETROIT (INS) — Bendix Aviation Corp. reported today net income in the three months ended March 31 of \$3,835,000, or 76 cents per common share, compared with \$6,984,000, or \$1.38 a share, a year earlier. Sales in the period amounted to \$154,006,000; more than \$30,000,000 below the corresponding quarter of 1957.

NEW YORK (INS) — A nationwide underwriting group of 640 members today is offering 16 million shares of a new mutual fund, the One William Street Fund, for which Lehman Brothers is to be the investment adviser. The offering at \$12.50 per share, is the largest initial financing ever undertaken by an investment company. Lehman Brothers originally planned to issue three million shares, but this was twice enlarged to meet public demand.

MANSFIELD, Ohio (INS) — Nickel shoe shines and hot dogs will be offered in about 5,000 appliance stores throughout the U. S. in the next six weeks to highlight a campaign by Westinghouse to spur economic recovery. The company hopes to demonstrate that appliance prices and values today are better than a decade or more ago.

## Armory Site Is Purchased

DUNBAR, W.Va. (U) — The City of Dunbar has approved purchase of a four-acre tract of land as the site for a proposed National Guard Armory.

Plans for the proposed \$177,000 structure to house Co. B of the 150th Armored Cavalry regiment are in the government's hands. The National Guard unit now meets at St. Albans.

State Adj. Gen. William E. Blake was in Washington today conferring with National Guard officials there on the proposed new armory.

An attache in Blake's Charleston office said: "We don't know whether the site will be approved by the National Guard Bureau or not."

## Wall Street Hears

NEW YORK — (INS) — Wall Street Hears: J. I. Case second quarter expected to be sharply above year ago. Backlog up... Smith-Corona Typewriter sales up last month were the best for any April in history, topping both the March figure and the April, 1957 total.

Stone & Webster earnings are tending slightly below the 1957 level. First quarter net was \$1.24 vs. \$1.42.

A railroad bond study by Hirsch & Company offers several fixed interest bonds that "trade fairly actively and are regarded as offering interesting value at this time": B&O first B-4s and C-4½s, Missouri Kansas Texas prior lien A-5s, B-4s and first 4s; Missouri Pacific 4½s, Pennsylvania Railroad D-4½s and E-4½s; St. Louis-San Francisco A-4s and

## Lady Burglar Uses Feminine Instruments

BALTIMORE (U) — The lady, convicted of being a lady burglar, used feminine instruments. Police said Miss Josephine Diltmore, 23, forced entry into a restaurant and a tailor shop with eyebrow tweezers, a nail file and a lady's-size razor. Judge Anselm Sodaro convicted her of burglary.

## School To Fete Pastor At Reception On Sunday

The congregation and school children of St. Mary's Catholic Church will honor Rev. Lawrence P. Landrigan, pastor, with a reception on Sunday at 8 p. m. in observance of his 25th anniversary as pastor.

A spontaneous program will be presented by members of the congregation and a program of songs, poems and a skit, "This

Is Your Pastor," by the pupils. Rev. Robert Hopkins will be master of ceremonies.

Father Landrigan arrived here June 1933.

Born in Everett, Mass., Father Landrigan studied at St. Mary's Seminary, Baltimore, and Catholic University of America, Washington, where he did postgraduate work, and was ordained May 29, 1915. Before coming to Cumberland, he taught at St. Mary's and at Catholic University, where he was professor of moral theology and canon law.

Since then Father Landrigan has been at St. Mary's. He served first as assistant. After six months he was sent to Midland as administrator, then returned to St. Mary's as administrator, upon the retirement of Father Lawless, he became pastor.

Among the improvements to St. Mary's property during Father Landrigan's pastorate, are the enlargement of the convent; the church basement was made more useful for social functions; the school grounds have been enlarged and improved and encircled with a fence.

Father Landrigan instituted the free school bus for the children. Under his administration the church was rededicated on the occasion of the 50th jubilee of the parish in 1950. In 1952 new altars, of imported Carrara marble, gifts of three parishioners, were installed. Improvements have been made to the lawn and garden area of the church property, and the Alhambra gift of the Blessed Virgin Shrine was erected in the rectory garden for the Marian Year, 1954.

The foundation and development of St. Mary's burial park and club house and recreation area at Maryland, three miles from the church on Oldtown Road, is considered his greatest achievement.

## Lost Money Sack Finally Located

CLINTON, Okla. (AP)—W. B. Burks lost a money sack containing \$21.50 but he got it back after it was passed around for a while.

Mrs. A. D. Barton found the sack on the street and turned it over to Harry Sullivan, parking meter attendant. He gave it to Police Chief Garland Hanks, who took it to the newspaper office to ask that a story be printed about the money.

Before the story could get into print, Burks reported the loss to the police and he got his money back.

### MARYLAND'S NEXT COMPTROLLER?

Louis L. Goldstein

Senate President, Louis L. Goldstein, is a candidate for State Comptroller in Maryland's next primary election. This you know. You know, too, that Senator Goldstein, native of Calvert County, is a long-time farmers' friend. Understanding the problems of agriculture as well as any man in political life, it has been the custom of "Louie," as he is affectionately known to many, to take a firm stand on any issue and stick by it until he sees it through. It is not our purpose to advise our readers how to vote—that is every freedom-loving man's, and woman's, privilege—but we do not feel it amiss to remind you that Senator Goldstein is, and has long been, an advocate of what is best for the greatest number of Maryland's citizens, rural as well as urban, and to add a note of gratification that a man of such calibre will be running for state-wide office in the near future.

## Strawberry Loves To Play Field

**VERY VERSATILE FELLOW**—A flirtatious character which teams well with other fruits, the strawberry joins rhubarb here to create a tempting cobbler.

By CECILY BROWNSTONE  
Associated Press Food Editor

The strawberry is fickle and loves to change partners. Some fine cooks long ago discovered its flirtatious character and teamed the inviting ripe-red morsels with other fruit.

Ever taste the sheer refreshment of strawberries, gently mixed with fine sugar and cubes

of orange, over lemon ice or vanilla ice cream?

Have you succumbed to the wiles of the scarlet berries and fresh pineapple? You've probably seen this combination artfully arranged in color photographs food artists dream up. Here's how to achieve a picture-pretty look. Place a slice of pineapple on each plate. Cut the hulled strawberries into even lengthwise slices. Arrange a layer of the berry slices over the pineapple like the spokes of a wheel; add another layer to extend over the spaces left by the first slices. Top each arrangement with one juicy-ripe and perfect green-capped berry.

Strawberries have a glorious affinity for pink hothouse rhubarb, and here's a way to make the most of it. Bake this cobbler and serve it warm with a drizzle of whipped cream.

**Strawberry Rhubarb Cobbler**  
Ingredients: 1 pint basket strawberries, 1½ cups pink rhubarb (cut in 1-inch lengths), ½ cup sugar, 1 cup sifted flour, 1 teaspoon double-acting baking powder, ¼ teaspoon salt, ¼ cup butter or margarine, 1 egg ½ cup sugar, 3 tablespoons milk, ¼ teaspoon vanilla.

Method: Rinse strawberries in cold water, hull and drain. Mix berries, rhubarb and ½ cup sugar in a heat-resistant glass baking dish (10 by 6 by 1½ inches). Sift together the flour, baking powder and salt. Cut in butter until mixture is like fine crumbs. Beat egg and sugar until thick and ivory-colored; beat in milk and vanilla. Fold into flour mixture; do not beat smooth. Pour over fruit and spread. Bake in a moderate (375 degrees) oven 45 minutes. Place on wire rack to cool for 5 or 10 minutes and serve hot with unsweetened whipped cream. Makes 6 servings. Make sure topping is baked through—cake tester inserted is not reliable in this recipe.

Fold sliced peaches into softened vanilla ice cream; freeze and serve with a pie made from fresh prune-plums.

**Potato Spinach Soup**  
Ingredients: 1 package (10 ounces) frozen chopped spinach, ½ cup boiling water, milk, 1 can (10 ½ ounces) frozen condensed cream of potato soup.

Method: Put frozen spinach in a medium-sized saucepan with boiling water. Bring to a boil, turning spinach with a fork and breaking up until thawed. When water is bubbling throughout, cover and boil 1 minute. Turn spinach into a strainer over a measure and drain; there should be about 1 ¼ cups spinach (lightly packed) and ½ cup or more liquid. Add enough milk to the spinach liquid to make 1 ½ cups; pour back into saucepan and add frozen potato soup. Heat slowly, stirring occasionally, until soup has thawed. Add ½ cup (lightly packed) drained spinach. (Use remaining spinach another way.) Bring to boil. Makes 4 servings.

**Raisins Will Make Nutritious Salad**

Drain well and cool slightly before chopping and adding to salad.

## Cost Of Eating More Expensive In 1957 Than '56

WASHINGTON—(INS)—If you think food bills are going up, you're right.

The Department of Agriculture says a family's food cost about \$35 more in 1957 than it did in 1956. But the '57 cost of food is still below the peak costs of 1952.

The government survey shows that the typical family of four spent \$1,007 for food in 1957. The breakdown shows that meat, milk and bread prices went up. While fruit and vegetable prices stayed about the same, and poultry and egg prices went down.

Are you on a constant search for something that is easy and good and still will pamper the palate of those teasers and tastebuds about your kitchen?

Then, here's a wonderful spread to make and keep on hand. The beauty of this lemon spread is that it is easy to do, stores and can be refrigerated. Its nice creamy texture and good flavor makes it a satisfactory filling for tarts, tea cakes or as a spread.

**Easy Lemon Spread**  
6 eggs, well beaten  
2 cups sugar  
½ cup fresh lemon juice  
¼ cup butter or margarine

Combine all ingredients in a saucepan; cook over medium heat until thick, about 20 minutes, stirring constantly. Pour into sterilized glasses and refrigerate. Makes two to three glasses.

## Sauce With Bacon Flavor

Cauliflower is always a delicious vegetable—here a little bacon makes it even more flavorful.

Wash 1 medium head fresh cauliflower, remove outside leaves and break into flowerets. Place in a saucepan with 1 teaspoon salt and 1 inch boiling water. Cook uncovered five minutes. Cover and continue cooking ten minutes longer or until cauliflower is crisp-tender. Drain, if necessary.

Meanwhile, cook three slices bacon until crisp. Crumble and add to 3 tablespoons butter or margarine, and cook until golden brown. Season with salt, if necessary, and ground black pepper to taste. Toss lightly with cooked cauliflower. Serve hot. Yield: four to five servings.

## Cooks' Fancies Turn To Books

By CECILY BROWNSTONE  
Associated Press Food Editor

Cooks with herb gardens can reap extra rewards from a new cook book, "Accent on Seasoning," by Irma G. Mazza (Little, Brown). If fresh herbs are bought, or dried varieties are on kitchen shelves, this fine book may still be used to advantage. Irma Mazza's writing is as pleasurable to read as it is to cook by, and her book is a delightful companion. She's witty and practical—whether she is quoting a Victorian cook book that advised parents "to give corn poppings and chestnut roasts, to keep girls out of ice-cream parlours," or detailing directions for preparing casseroles and curries so a hostess "won't be cooked to death." The results of careful home-kitchen testing, the recipes are clearly written, and should improve most cooks' repertoires.

"The Book of Herb Cookery" by Irene Botsford Hoffman (Houghton Mifflin) has recently been revised and enlarged. Included are a plan for a sunken herb garden and recipes for many dishes that benefit from herbs.

"Trendway Inns Cook Book" by Ann Roe Robbins (Little, Brown) may be of interest to summer vacationers who like to cook. Travelers who have enjoyed particular dishes at these inns may find rules for them here. Mrs. Robbins visited all the inns, talked to their chefs, watched them work and put their recipes into family-size proportions in her own kitchen. She has a thorough acquaintance with cooking and enjoys imparting her knowledge—qualities that, lamentably, not all food writers possess. (I've never seen a better description of how to prepare meat for scalloping than is given here.) Interspersed with recipes for all the courses of a meal are descriptions of the inns and their surrounding country. "Unforbidden Sweets," by Pop-

THIS DESSERT FOR WEIGHT-WATCHERS, light in calories, was adapted from a new cook book, "Unforbidden Sweets."

py Cannon (Crowell) boasts 150 recipes and 17 variations of desserts of 100 calories or less. Poppy Cannon always presents food material in interesting fashion and this latest book is no exception. There are chapters on meageries, puddings and custards, cakes, pies and cookies and fruit. Dietetic fruits, nonfat dry milk solids, non-calorie sweeteners, low-calorie puddings and flavored gelatin desserts are some of the weight-watching aids the recipes call for. Here is a dessert adapted from "Unforbidden Sweets."

**Vanilla Ramekins With Coffee Topping**

Ingredients: 1 envelope low-calorie vanilla pudding, 1 cup liquefied nonfat dry milk, ¼ cup water, ½ teaspoon vanilla, ¼ cup nonfat dry milk solids, 1 teaspoon instant coffee, 1 tablespoon sugar.

Method: Make up the vanilla pudding according to directions on the envelope, using the 1 cup liquefied nonfat dry milk. Pour into 2 ramekins or small custard cups; chill. Shortly before serving time, pour ¼ cup water and vanilla into a deep 1-quart mixing bowl. Sprinkle the ¼ cup nonfat dry milk solids and instant coffee over. Beat rapidly with rotary beater (hand or electric) until stiff; this may take as long as 8 minutes. Gradually beat in sugar; continue to beat until mixture is stiff enough to hold peaks—2 or 3 minutes longer. Chill until served. Makes about 1½ cups topping—part may be used with the diet ramekins; the rest may be used to top standard vanilla pudding or custard for non-dieting members of the family.

### Herbed Chicken, Ham Chowder

Herbed chicken and ham chowder is the answer when luncheon menus call for a hurry-up offering. Combine one 10 1/2-ounce can of chicken soup with an equal volume of milk. 1/2 teaspoon crumbled whole basil leaves and a dash of salt and black pepper. Heat thoroughly. Stir in a 4-ounce can sliced mushrooms, drained and sauteed with 1 cup leftover diced ham, pork or chicken in 2 tablespoons butter or margarine. Serves three.

A can of minced clams (about 7 ounces) plus garlic and olive oil makes a wonderful sauce for a half pound of spaghetti.

### Wine Distinguishes Homemade Jelly

Is your supply of homemade jelly becoming a little scarce? Make replacements with wine jelly. It's delicious, and distinguishes many an otherwise uninteresting meal. Measure 2 cups of port, muscatel or sherry in top of double boiler. Add 3 cups sugar. Place over rapidly boiling water and heat 2 minutes, stirring constantly. Remove from water, stir in half bottle of liquid pectin. Pour into glasses and seal with paraffin at once.

Egg salad (made from sliced hard-cooked eggs and romaine) benefits from the addition of sliced pickled beets.

## Coffee Houses Tempt Appetite

By CECILY BROWNSTONE, Associated Press Food Editor. Coffee is a fabulous beverage. Every time we walk into one of New York's international coffee houses, we're tempted to drink half a dozen cups of the brew, each served a different way.

Come with us and see what goes on! The chemises-clad girl who looks like a model holds a pot of hot coffee in one hand and a pot of hot milk in the other. She's pouring coffee and milk into her cup at the same time. That's the brew as it is served in France—café au lait.

A table away a distinguished looking man and his attractive companion have ordered kaffee with schlag and Sacher torte, as they might in Vienna. When the large cups of strong black coffee arrive they're topped with generous helpings of snowy whipped cream.

The young girls who have just walked in settle for coffee mocha. Served in tall mugs, this combination of coffee and hot chocolate is invitingly frothy.

Several young men with Australian accents order coffee foam—made with eggs, milk, syrup and coffee whipped together. It's said to be a "down-under" favorite.

Over there two older men, deep in discussion, each lift a footed glass filled with a clear brown brew and a bobbing curl of lemon peel. This is coffee espresso, made in an espresso machine or a macchinetta from Italian-roast beans ground so fine that they're powdery.

**GRIND-IT-YOURSELF**—Use an electric coffee mill to grind light roast beans for cups of breakfast coffee and mugs of coffee mocha (coffee and hot chocolate), dark roast (Italian or French) beans for after-dinner specialties.

We settle for cappuccino, coffee espresso with hot milk and a friend of his use freshly ground coffee beans for a special afternoon. Want to taste this Italian version of the French café au lait? If you are intrigued enough to whip up some of these coffee combinations at home, make sure your coffee brew is robust. Should you feel the coffee you prepare could be improved, you may wish to consider grinding the beans as you need them. An electric coffee mill that fits over the motor of an electric blender does a good job of grinding coffee. You can adjust the mechanism and have the type of grind—fine, medium or coarse—that is right for your particular coffee maker.

### Sherry Makes Festive Saute

This is an easy, festive chicken saute. Have a 3-pound chicken cut into frying pieces. Salt and pepper and saute in 4 tablespoons butter or margarine till brown on all sides. Remove chicken and, in the skillet, place 1/2 a carrot and 1/2 onion, minced and a minced clove of garlic. Saute vegetables for a few minutes, then add 1/2 cup of sherry, stirring and scraping all drippings from bottom of pan. Return chicken to pan and simmer, covered, for 30 minutes or till chicken is tender.

### Measuring Tip

When you are measuring liquids, hold the measuring cup so it is at eye-level so you can be sure you have the full amount needed. Thin mayonnaise with light cream and sweeten with honey if you want a quick dressing for fruit salad.

## Beef Cuts In Comeback At Many Food Markets

By The Associated Press. Beef cuts will make a comeback in many American supermarkets and neighborhood grocery stores this weekend.

High prices for most grades of beef have made specials on the nation's No. 1 red meat few and far between in recent months. Early this week, however, the Agriculture Department predicted slightly lower beef prices for consumers this spring.

Whether by coincidence or not, chuck roast and steak are prominently mentioned in supermarket advertisements this week. Prices in the New York Metropolitan area range from 59 cents a pound for boneless chuck to 99 cents a pound for sirloin steak. Steaks elsewhere are 8 to 10 cents a pound lower, while ribs of beef are off 4 cents a pound in a few places.

Leg of lamb also will be the feature in many stores. Lamb prices are mixed, ranging from 6 cents a pound lower to 6 cents a pound higher.

Fryers are 2 to 3 cents a pound higher in some areas. Supplies of birds continue to run at high levels. Whatever meat your favorite store is pushing, the chances are good you'll find plenty of fresh vegetables to choose from with abundant spring crops pouring in to market.

Yellow sweet corn is rated an outstanding buy as a bounteous Florida crop contrasts sharply with the slim pickings from earlier Florida vegetables. Onions, radishes, rhubarb, spinach and kale also are rated as excellent buys and easy on the budget.

The first California cherries are in, but at luxury prices.

### Avocado Balls In Shrimp Soup

Frozen cream of shrimp soup garnished with avocado balls makes elegant eating. Use French ball cutter or 1/4 teaspoon measured to scoop balls out of avocado.

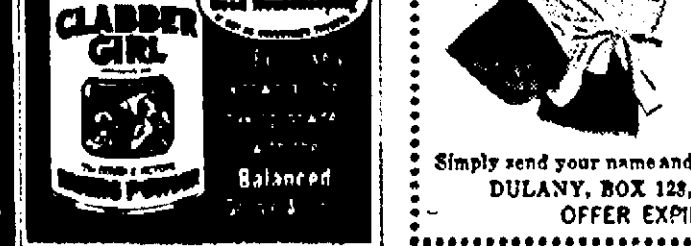

Add to soup just at serving time and send along a lime or lemon wedge with each serving.

When you're cooking fresh spinach, drain it lightly, then cook it in the water clinging to the leaves. As you add the spinach to the kettle, sprinkle each layer of leaves with salt.

### YOU SHOULD KNOW THIS about Baking

It's the balance of ingredients in baking powder that governs its leavening action. Only when these are scientifically balanced can you be sure of uniform action in the mixing bowl plus that final, balanced rise to light and fluffy texture in the oven.

### Balanced Double Action means Better Baking!

### Baked Potato Skin Kept Soft

Many persons enjoy eating the skins of baked potatoes as much as the meaty insides.

Here's a way to keep the skin of baked potatoes soft and to give them added flavor: Brush each scrubbed potato all over with olive oil, then dust lightly with salt. This method seems to make the insides meatier and drier, too.

### Nibble Before Dinner

Tiny whole raw mushrooms may be served with a cream cheese dip as a before-dinner nibble.

Brown sugar gives a good flavor to a cake, but tends to make a coarser texture and heavy crust.

## Elderly Solon Congratulates Centenarian

Congressman From  
West Virginia  
Writes Men Over 80

WASHINGTON (AP) — A West Virginia congressman who is a mere 82 years of age is writing congratulations to a West Virginia farmer 103 years old.

Rep. Will E. Neal (R-WVa), who will be 83 in October, is sending similar letters to 26 other farmers in his district who are 80 years old or more.

"The title of oldest West Virginia farmer goes to William Jeffry (Cooper) Smith, of Putnam County, according to a survey made by the West Virginia Farm Bureau in his letters to the oldsters, Neal wrote.

"In these days, marked by rapid transitions in the lives of our people, those in your age group have seen great changes in the American way of life.

"It is almost incredible to accept the fact that people beyond 80 have seen our civilization go from the 'horse-and-bug' era, through the automobile, into the age of air travel, thence to space exploration. Very few humans in history have been granted such an experience."

Neal added that the economy of the country may change, but the basic judgment of the more experienced older citizens does not.

"There is invariably need for advice and counsel from those who have learned, by hard experience, that life's paths are not always easy."

Neal, a physician, mentioned that the elderly farmers have managed to survive past the age of 80 by industry and heritage.

"That's pretty good medicine for all of us," Neal commented.

## VFW Auxiliary Plans Meeting

BALTIMORE (AP) — The Eastern States Conference of the Veterans of Foreign Wars Ladies Auxiliary will meet next Saturday and Sunday.

The conference consists of delegates from 10 states. The Maryland delegation plans to entertain at an open house Saturday for guests from Delaware, New Jersey, Pennsylvania, Connecticut, Massachusetts, Maine, Rhode Island, New Hampshire and Vermont.

Mrs. Bessie Hanken, past national president of the VFW auxiliary, will be the main speaker at a Sunday luncheon.

HOUSE DEBATE FIGURE—Zsa Zsa Gabor posed as she left a plane at National Airport in Washington after a flight from New York. A few hours later, Rep. Wayne Hays (D-Ohio) during House debate on the foreign aid bill said Zsa Zsa is "apparently—the most expensive courtesan since Madame de Pompadour" and may strain the financial resources of Dominican Gen. Rafael Trujillo Jr., who has given her an expensive auto and a \$17,000 coat. (AP Wirephoto)

## Social Security Week To Be Marked Here

Social Security Week will be observed in Cumberland, beginning June 16.

James A. Gwinn, district manager, said the observance is being planned here to mark the opening of Cumberland's new Social Security office opposite the Post Office building. The dedication will be held June 16 at 4 p. m.

An open house will be held from 4 until 8 p. m.

## Everyone Agreed On Damage Suit

CLAREMORE, Okla. — (AP) — Three firemen went to court seeking \$400,000 damages for injuries suffered when a propane tank blew up.

While the jury was out considering the evidence, both sides agreed on a \$20,000 settlement. Just as they told the judge they had agreed on the amount, the jury walked in. The judge suggested they sit down, "to see what you would have received."

The jury had decided to award the firemen \$20,000.

## Three Building Permits Issued

The Allegany County Assessing Department has issued three permits, two for dwellings and one for a barn.

One dwelling permit was obtained by Leonard J. Alles for construction of a \$6,700 brick house at the intersection of Bedford Road and Adeline Drive in Mauk Addition of Election District 5. The five-room house will be 46 by 24 feet in size.

Harold W. Painter, RFD 6, Bowling Green, was issued a permit to build a \$6,000 brick dwelling on Lots 15 and 16 of Bowling Avenue of Bowling Green. The house will be 40 by 28 feet in size.

William F. Whitmer, 313 Emily Street, obtained a permit to build a \$1,000 concrete block and frame barn on a 10-acre tract along Williams Road.

Australia and New Zealand are looking to the United States to buy more meat. They explain that we have plenty of beef for steaks, but the U.S. needs more meat for hot dogs and similar small items.

## Office Seeker Asks Primary Be Postponed

BALTIMORE (AP) — A Democratic candidate for the Maryland Senate says he has asked Gov. McKeldin to postpone the May 20 primary because a list of Baltimore polling places was not published.

Chester W. Tawney, candidate from Baltimore's 3rd district, said yesterday publication of polling places is required under Article 33, section 12 of the State constitution. This statute, he said, requires election officials to publish the list in Baltimore at least 10 days before an election.

Tawney said no such list has been published, although the primary is Tuesday. He said candidates unattached to party factions have no opportunity to inform voters of the locations and are thus at a disadvantage.

If the governor does not act, he said he may ask for a writ to halt the primary. McKeldin is in Europe and is expected back about June 1.

## Thief Believes Sermon; Breaks Into Church

PORTSMOUTH, Va. (AP) — The Rev. Ernest K. Emurian delivered a sermon at Community Methodist Church on the subject, "Is This Church Worth Breaking Into?" The next night, someone broke into the church through a rear window and ransacked several cabinets and boxes.

LET IT BLOW — These school children in Topeka, Kan., demonstrate how they will stand in a safety area in the event of a tornado. All the schools in the area, which experiences an abnormal number of tornadoes, have been studied to find a "safe area" for youngsters.

## Check Planned On River Silt

ANNAPOLIS (AP) — Rep. Richard E. Lankford (D-Md) says the Army Engineers have agreed to determine whether the Naval Academy's land fill project is interfering with shipping in the Annapolis harbor area.

Lankford said yesterday he requested the corps of engineers to make the study after receiving

complaints from area residents Navy project were affecting ship, that silt deposits caused by the piling.

## Contest Won By Violinist

WASHINGTON — (INS) — Samuel Ashkenasi, 17-year-old violinist of Philadelphia, won the third annual Merriweather Post music talent contest Tuesday.

Ashkenasi, who studied under Elfrum Zimballist at the Curtis Institute of Music, defeated his classmate, Arthur Fiedler, 16-year-old pianist of Berwyn, Pa.

Ashkenasi, a native of Israel, came to the U.S. two years ago to study at the institute. He said he had not informed his parents in Israel that he was competing in the contest.

Winner of the \$2,000 first prize, Ashkenasi will make three guest appearances with the National Symphony Orchestra in Washington.

The contest, sponsored by Mrs. Post, a Washington social leader and patroness of the arts, attracted some 353 entrants from five countries.

# Institution Workers' Pay Hike Requested

CHARLESTON (AP) — A Department of Mental Health request for permission to raise employees' salaries at two institutions, and proposed new personnel regulations for state employees, were before the State Board of Public Works today.

The Mental Health Department wanted authority to raise salaries 10 per cent the last two months of the present fiscal year for all employees at Huntington State Hospital and professional personnel at Weston State Hospital.

Approval by the board of the mental health agency request would mean the pay raises would be in effect ahead of the new fiscal year for all mental institution employees except those at Lakin State Hospital in Mason County.

The board has authorized 10-per cent increases for the balance of the fiscal year for non-professional employees at Weston and all personnel at Spencer State Hospital, Barboursville, State Hospital and the West Virginia Training School at St. Marys.

The Legislature voted 10-per cent increases for personnel employed at mental institutions in the new fiscal year which begins July 1.

Martha Ford, head of the personnel division in the Department of Finance and Administration, drafted the proposed personnel regulations which would affect such things as hours of work and leave for state employees.

A new feature would be provisions for "civil leave," intended to permit state employees to continue drawing their state pay while serving on juries.

The proposed revision would replace regulations the board has had in effect since 1949.

## Cop In Politics Demoted To Beat

ST. PAUL, Minn. — (INS) — Patrolman Vernon (Boots) Michel ran unsuccessfully for the St. Paul City Council in last month's municipal election.

Before the election he was a motorcycle policeman. Now he has been told he must walk a beat.

"It's a bum deal," he said today. "I'll complain to the police union."

## Mrs. Roosevelt Says Visit Ill-Timed

BALTIMORE (AP)—Mrs. Eleanor Roosevelt said last night Vice President Nixon should have headed for home immediately after he was attacked in Lima, Peru.

She said the timing of Nixon's tour of Latin American nations was bad and added that Communist activity was not the only cause of the disturbances which met the Vice President.

The former first lady spoke at a program honoring Israel's 10th anniversary.

She noted that Communists stand ready to exploit unrest anywhere in the world, using the most vulnerable groups as their agents.

However, in South America the unrest was aggravated by the recession in the United States, by opposition to this country as the colossus of the north and by cuts in American imports from some nations which have only a limited number of products to sell, Mrs. Roosevelt said.

"We've got to show the uncommitted areas of the world we are capable of leading and capable of understanding," she said. "And you can't lead people you can't understand. We've got a lot to learn."

She praised Israel and said it could serve as a beacon in the Near East to other nations now buffeted between the East and West.

## Accused Says Father's Death Was Accidental

CLEARFIELD, Pa. (AP) — Bernice Travis, 22, of Coalport, has testified at her murder trial that her 55-year-old father was killed accidentally.

"The gun was not pointed at dad," she testified Wednesday. "There were four hands on the gun when it went off."

Miss Travis told a Clearfield County jury the shotgun went off as she and her brother, Larry, 13, fought for possession in the family home last Jan. 29.

Benny Travis, an unemployed coal miner and father of 15, was fatally wounded by the blast.

The state has asked for a first-degree-murder verdict with a recommendation of mercy.

## New Bus Terminal Site Plans Made

Cumberland will have a new bus terminal and additional downtown parking facilities before the end of the year as the result of the announcement today by Frank B. Vandegrift, president of the Hudson Van Oil Company, of Kansas City, that he will not renew the Greyhound Lines lease on the present terminal, and that he is planning to raze three buildings he owns in the area to install a large service station and parking space for approximately 100 cars.

## War Of Words Continues In Demo Circles

### Pollack Explains Tydings Support Of Bruce For Senate

By The Associated Press  
James Bruce was involved in a war of words with Baltimore Democratic leader Jack Pollack today after Pollack repeated his charge that Bruce tried to buy his support.

Pollack also brought out a letter yesterday which he said was written and signed by former Sen. Millard E. Tydings. The letter stated that Tydings was supporting Bruce to repay a political debt. Pollack is supporting Mayor Thomas D'Alesandro, one of Bruce's opponents for the U. S. Senate nomination. Last week Pollack said Bruce had offered him money and federal patronage if Pollack would support Bruce's campaign.

**Voters Will Decide**  
Bruce denied the charge and declared, after the charge was repeated:

"I will match my honesty and integrity with that of Jack Pollack's any day in the week. The voters will decide it in Tuesday's primary."

Pollack issued a copy of the letter dated May 9 and signed "Millard" over the typewritten name of Millard E. Tydings. The fourth paragraph said in part:

"The victor in the primary of May 20 will, of course, receive my wholehearted support in the general election. I am supporting Mr. Bruce because in the campaign of 1938 when Roosevelt came in Mr. Bruce raised for me in New York more than \$30,000.00 and has been a large collector and contributor to my campaigns ever since. As I told Tommy (D'Alesandro), this put me under such obligation that I felt I should support Mr. Bruce but if he were nominated he could count on me to do everything in my power to help him get elected."

**Republicans Under Attack**  
Bruce joined another senatorial candidate, Clarence D. Long, in criticizing the Republican administration for the manner in which Vice President Nixon's Latin American trip was handled.

Bruce said the trip, which resulted in personal attacks on the Vice President in Peru and Venezuela, "has been grossly ill advised . . . and has rendered tremendous harm to our prestige throughout the world."

Long said the decision for Nixon to continue his trip was "grave error . . . doing irreparable damage to our world reputation and placing our entire foreign program in jeopardy."

Long accused President Eisenhower and Secretary of State Dulles of "playing into the hands of the Communists abroad and isolationists at home" in permitting Nixon's trip to go on.

He also said the recent anti-American riots in Lebanon are but another illustration of the bankruptcy of State Department policies in the Near East.

**Backs Public Works**  
Meanwhile, D'Alesandro in the second in a series of television speeches last night repeated that a public works program is the best means of halting the recession.

The mayor said there would be no unemployment if the nation did what it should do in the fields of schools, water facilities, hospitals, roads and urban renewal.

"This would provide jobs for the millions who are now out of work, and it would stimulate the productive activity of virtually every industry in the country."

George P. Mahoney, another leading candidate for the Senate, attacked his opponents for belittling his service as State Racing Commissioner from 1941 to 1946.

Speaking at Democratic rallies in Baltimore's 2nd and 6th districts, Mahoney said in all his campaigns so far no opponent had failed to have respect for "my campaign to run the racketeers, the gangsters, the dopers and fixers out of Maryland."

He said his work during his term as racing commissioner was praised by newspaper columnists across the nation and by J. Edgar Hoover.

Apparently referring to D'Alesandro, Mahoney said one of his opponents has been belittling his work on the racing commission.

**Police Release Man, Hold New Suspect**  
City Police yesterday released a 29-year-old Bowman's Addition man who had been held for questioning in connection with the forcing of a local motorist at gunpoint to give him a ride in his car.

Several hours later, city authorities picked up another man for questioning in the case. He is reported to have given a statement to Detective Lt. James E. Van, and is to be further questioned by Sgt. William F. Baker, criminal investigator for the State Police.

## Court Hears Damage Suit Against Firm

### Widow Seeks \$75,000 For Husband's Death On Building Job

An Allegany County Circuit Court jury today was hearing the \$75,000 damage suit filed by the widow of a construction worker who died of injuries received during the building of the Cumberland plant of Pittsburgh Plate Glass Company.

The suit was filed by the State of Maryland for the use of Alcatraz O. Bowman, widow of Melvin E. Bowman, and the surviving children, Catherine Regina, Gerald Lee and Gary Wayne.

**Injured Two Years Ago**  
The suit was filed against the George F. Hazelwood Company and James M. Skelly. The plaintiff's counsel, Harold M. Naughton, in his suit identified the Hazelwood firm as the owner of the truck leased to Consolidated Engineering Company and Skelly as the driver of the truck.

According to testimony presented this morning, Bowman was injured on January 4, 1956, at the plant site and died two days later.

The deposition of a witness, Leo F. Kline, a fellow worker, was read and according to it, Bowman was pinned against the wall of the polisher building by the end gate of a backing truck.

**Men Were Laborers**  
Kline said the two men were laborers for Consolidated Engineering Company, and were carrying lumber at the time. He said the shortest distance to the place they were carrying the wood was between the truck and the wall.

Kline testified that he just missed being pinned by the truck. On the stand this morning were Skelly and Mrs. Bowman.

Hazelwood Company and Skelly are represented by William C. Walsh and William Walsh.

**College Plans Concert Event**  
The first annual spring concert featuring instrumental groups at Frostburg State Teachers College will be presented Monday at 8:15 p.m. at Compton Auditorium. There will be no admission charge.

Featured will be the concert band, dance band, the college majorettes, and student soloists. Soloists are Wanda Tate, trumpet; Judy Kompanek, piano; and John Zink, alto saxophone. Miss Tate and Miss Kompanek are both freshmen. Miss Tate studies trumpet with Dr. Cole, while Miss Kompanek is a student of Mrs. Owen Harris of the college music faculty. John Zink is a sophomore student of Dr. Cole.

The concert band will perform selections ranging from the American Folk Suite, by Harold Walters, to the Russell Harvey transcription of Bach's "All Glory Be to God on High." Dr. Cole reports that several marches will be included.

One of the highlights of the evening's schedule will be the presenting of awards to members of the band.

**Local Man Injured**  
Richard Wilson, 39, of RD 5, city, was admitted to Memorial Hospital this morning after being injured while working in his yard. Attaches said the man "snapped" his back while attempting to pull out a small tree.

**REFORESTATION PROGRAM**—A tree planting program was begun yesterday in the Lake Gordon-Koon Lake area under the supervision of the Maryland Department of Forests and Parks. Employees of the Evitts Creek Water Company are shown planting trees on the shoreline of Koon Lake this morning. Ray Nixon is operating the tractor that carries a tree planting device, while Lewis Simpson and John White help cover the roots of the trees after they are placed in the ground. Supervising the work, at left, is Harry Hartman, assistant district forester. There will be 15,000 trees planted in the area.

## Record Basis Of Labor's Candidate Endorsement

The record, and not the party or promises of a candidate, forms the basis of recommendations of the Committee for Political Action of the AFL-CIO, a rally of 1,000 labor representatives was told last night at the Woodmen of the World Hall.

This was the keynote of the speech made by Woodrow Strong, Baltimore, president of the Maryland-District of Columbia AFL-CIO, at the event sponsored by the COPE of the Western Maryland Central Labor Council.

Strong, the evening's only speaker, who was introduced by Stanley Zorick, member of the sponsoring committee, explained the work of COPE on the local, state and national basis.

He emphasized that COPE works from the records of candidates, and never follows the party label or promises.

The committee has as its duty the informing of organized labor how their representatives in Congress and in the state legislature vote on legislation that affects the working man.

**COPE is strictly non-partisan,** Strong added.

Representatives of all trades and crafts were present and members of the legislative committee and executive committee of the Allegany County Teachers Association were invited guests.

County candidates from both major parties from the top of the tickets down through state central committee aspirants were on hand passing out cards and campaign propaganda.

Candidates for Congress from Frederick and Montgomery counties were also present, as were managers of headquarters for the various parties and tickets.

## Beth Jacob Event Friday

The Beth Jacob Women's League will present a women's Sabbath tomorrow at 8 p. m. at Beth Jacob Synagogue.

Mrs. Harvey Dezen is chairman and participating will be Mrs. Samuel Jacobson, Mrs. Sander Levine, Mrs. Harry Stein, Mrs. Leonard Cody and Mrs. Harry Lichtenstein.

Mrs. Edward Pallik will bring greetings from the Women's League. The service will be conducted by Rabbi Stanley Levin.

An Oneg Shabbat will be held following the service with Mrs. Harry Stein and Mrs. David Klein as hostesses. Services will start at 8 p. m.

(Continued on Page 17)

## Few Locations Cumberland Size Have Orchestra

Few cities the size of Cumberland have a regular symphony orchestra, according to Wilton Syckes, conductor of Cumberland's Civic Symphony Orchestra.

Syckes said in Maryland the only other city to boast a symphony is Baltimore. The Baltimore organization is professional, while the local group is composed of 50 volunteer musicians.

The Cumberland Civic Symphony Orchestra has presented two concerts this year and will give its spring concert Tuesday at 8:15 p. m. at the Allegany High School auditorium.

One of the well known selections to be on the program is an orchestral transcription of Scheherazade by Rimsky-Korsakov. This selection comprises the principal themes of the four movements of the Scheherazade Suite, shortened somewhat, to make a suitable number for concert use.

The violin cadenzas and solos throughout the selection will be played by Miss Pauline Cira, concertmistress. Miss Cira is a native of Morgantown, W. Va., and graduated from the West Virginia University.

She is instructor of string instruments in the Allegany County public schools.

Tickets are on sale at Syckes Music Store, Baltimore Street, and will be available at the auditorium before the concert.

**Nurse To Return To Trouble Spot**  
The anti-American riots in the Near East have not resulted in any change in plans for Miss Violet E. Popp, local medical missionary who is scheduled to return to that area in August.

Miss Popp, who is a missionary for the Baptist Church, returned here last year to further her education in the nursing profession. (She will complete a course next month at the University of Pittsburgh. Miss Popp is a graduate of Fort Hill High School and the Memorial Hospital School of Nursing.)

Another area resident who is a teacher at the American Community School in riot-ridden Beirut is Miss Mary Elaine Chrisman, formerly of the Morgantown (W. Va.) area.

Miss Chrisman obtained a year's leave of absence from Northern Garrett County High School to go to Beirut. She taught commercial subjects at Northern High.

Two accountants and a chemical engineer have joined the staff of the Amcelle plant of the Celanese Corporation, according to Hudson Nix, personnel manager.

Daniel G. Sellers of Dayton, Ohio, has been employed as a project engineer in the engineering section of the plant, while Joseph H. Shomo, Pittsburgh, and Paul F. O'Hara, East Liverpool, Ohio, are the new accountants.

Sellers, who is living in LaVale, has a bachelor's degree in chemical engineering from Purdue University. He was employed by the Martin Company, Baltimore, prior to coming here.

Shomo, 700 Washington Street, has a bachelor's degree in business education from Indiana (Pa.) State Teachers College and attended the University of Pittsburgh. He formerly was employed in Pittsburgh by U. S. Steel.

O'Hara, 126 South Allegany Street, has a bachelor's degree in business administration from Youngstown University and attended Ohio University. He previously was employed by Caterpillar Tractor at Peoria, Ill.

**Ridgeley To Conduct Food Distribution**  
Surplus government food will be distributed tomorrow, one day only, in the city building of Ridgeley from 9 a. m. until 1 p. m.

Eligible persons are asked to bring their own containers. The food is for residents of Ridgeley, Carpenters Addition, Short Gap, Wiley Ford, Fort Ashby and Patterson Creek.

## Hitch-Hiker Gets Release From Lockup

The 24-year-old hitch-hiker who claimed he was shot twice Saturday, May 3, along U. S. Route 40 between the State Police barracks and Clarysville has been released from the Allegany County Jail.

Sgt. William F. Baker, criminal investigator for the Maryland State Police, said today no charges will be preferred against the man.

Sgt. Baker pointed out that when the man was taken to Sacred Heart Hospital with two bullet wounds he informed hospital attaches and police that his name was Clyde Henson of Buffalo, N. Y.

However, a check of his criminal record with the FBI indicates he is Chard C. Harrison of Uniontown, Pa.

Sgt. Baker said his record dates to July 3, 1950 and is unusually long.

The bizarre case developed early on May 3 when Harrison telephoned State Police that he had been shot twice by three men near Clarysville. The man was confined in Sacred Heart Hospital until last week when he walked out without being discharged.

Shortly after his escape, State Police apprehended the man on Baltimore Avenue and he was lodged in the county lockup.

Harrison told Sgt. Baker he had hitch-hiked a ride in Baltimore with three men. Shortly after getting into the car the men, Harrison said, started to drink and when they reached Hagerstown they stopped and picked up two girls.

The man told police that he had been drinking heavily and an argument developed near Clarysville over one of the girls. Harrison said he jumped from the car and ran towards the woods when the shots were fired.

Meanwhile, Sgt. Baker said the state police are continuing their investigation into the shooting. A three-state alarm was issued for the three men and two girls.

**Three Join Staff Of Amcelle Plant**  
Two accountants and a chemical engineer have joined the staff of the Amcelle plant of the Celanese Corporation, according to Hudson Nix, personnel manager.

Daniel G. Sellers of Dayton, Ohio, has been employed as a project engineer in the engineering section of the plant, while Joseph H. Shomo, Pittsburgh, and Paul F. O'Hara, East Liverpool, Ohio, are the new accountants.

Shomo, 700 Washington Street, has a bachelor's degree in business education from Indiana (Pa.) State Teachers College and attended the University of Pittsburgh. He formerly was employed in Pittsburgh by U. S. Steel.

O'Hara, 126 South Allegany Street, has a bachelor's degree in business administration from Youngstown University and attended Ohio University. He previously was employed by Caterpillar Tractor at Peoria, Ill.

**PTA To Complete Fun Fete Plans**  
Plans for the annual Fun Festival sponsored by the Parent-Teacher Association of East Side School will be completed at a meeting today at 8 p. m. The festival will be held May 22-23 on the school playground.

Also featured at the meeting will be election and installation of officers for the 1958-59 school year. A delegate will also be named to attend the summer conference at College Park.

Miss Mary Robb, music instructor at Fort Hill High School, will direct a group of students of that school in a musical portion of the program. Refreshments will be served by the first grade mothers.

A classroom visitation, beginning at 7:30 p. m., will precede the meeting.

**Piedmont Singers To Mark Program**  
The Holy Singers of Piedmont will present a program Sunday at Ebenezer Baptist Church, beginning at 3 p. m.

The 7:30 p. m. service that day will feature a talk by Earle L. Bracey, principal of Carver School. Mrs. Jessie York is in charge of the program.

## School Needs New May Pole After Blaze

### Columbia Street Building Destroyed By Fire During Night

The Columbia Street School may be forced to present its annual May Day program without a May Pole.

Early this morning fire destroyed a large shed in the rear of the school which housed the May Pole and other articles used in the program.

Fire Chief Virgil A. Parker said firemen received the alarm at 3:02 a. m., and when they arrived on the scene the building was destroyed.

**Cause Investigated**  
Engine Company 4 of East Side was the first on the scene, and was later assisted by Engine Company 1 of Central Station and the hook and ladder crew.

Chief Parker said that when the firemen arrived the building, which could house six automobiles, was a mass of red flames.

Fireman Fred Potts, 36, of 482 Baltimore Avenue, sustained a back injury fighting the blaze. The East Side fireman suffered the injury dragging a hose. He was treated and released at Sacred Heart Hospital.

Chief Parker said the cause of the fire is unknown, and is being investigated by City Police.

Meanwhile, police apprehended four local youths in a stolen car case. Today Lt. Det. James E. Van was questioning the youths concerning the Columbia Street fire.

Lt. Van said the youths have admitted stealing the car, owned by Lane Oakman, 737 Maryland Avenue, from in front of his house; and also to turning in a false alarm at Box 614 on Maryland Avenue.

**Two False Alarms**  
Lt. Van said two false alarms were turned in last night before the alarm was pulled for the Columbia Street fire.

However, the youths denied being in North End during the night, Van said.

The four will be charged with reporting a false alarm and unauthorized use of a motor vehicle. Meanwhile, the Columbia Street School is faced with the problem of finding a May Pole for its program next Friday.

Miss Catherine Thomas, principal, said it is hoped one can be obtained and the program will go on as scheduled.

The building which was destroyed also housed playground benches and tables owned by the school's Parent-Teacher Association and playground equipment owned by the school's Playground Association.

**Stakem Gets Job Support**  
WASHINGTON (AP)—The Senate Commerce Committee approved yesterday President Eisenhower's nomination of Thomas E. Stakem Jr., 50, of Arlington, Va., for a four-year term as a member of the Federal Maritime Board.

The nomination goes to the Senate.

Stakem, a native of Midland, Md., has been filling an unexpired term since 1956. He is a Democrat.

He is a son of Mr. and Mrs. Thomas Stakem of Midland. His father operates a tailor shop on Frederick Street.

Senators Harry Byrd and Willis Robertson, Virginia Democrats, endorsed the nomination.

Stakem appeared before the committee briefly today. No opposition to the nomination was expressed.

A member of the bar of the District of Columbia, he has a law degree from Georgetown University. He has been with the federal government since 1934. His first job was with the FBI.

**READY FOR CONCERT**—Three members of the Cumberland Municipal Concert Band are shown practicing for the concert to be presented Sunday at 7 p. m. in Constitution Park. The program will be under the direction of Dr. Ward Cole. Pictured, left to right, are Edward Warnick, clarinet, Monroe Harris, bass clarinet and Arthur E. Shafer, tenor sax.

## Parade Set As Memorial Day Feature

Program Planned At Cemetery By Local Legion Post

Arrangements for a Memorial Day parade followed by a program in Rose Hill Cemetery on Friday, May 20, are being completed by members of Fort Cumberland Post 13, American Legion.

A letter has been sent to local organizations asking that their members participate in the program established by the GAR to honor departed veterans.

This year's program, according to Thomas F. Conlon, chairman, will consist of a parade to the cemetery where services will be conducted at the Soldier's Monument.

The parade will form in the area of the State Armory on South Centre Street at 10:30 a. m. and march a half-hour later.

The following organizations have been asked to participate: Henry Hart Post 1411, Veterans of Foreign Wars, and Auxiliary Unit; Spanish War Veterans; Military Order of the Purple Heart and Auxiliary Unit; Company C and Headquarters Company, Maryland National Guard, Army, Marine and Navy Reserve Corps; Fort Washington Post 2, Disabled Veterans of America and Auxiliary Unit; Fulton Myers Post 153, American Legion, Auxiliary Unit, Drum and Bugle Corps.

Knobley Mountain Post 136, American Legion, of Ridgeley; Victor Tambolico Post 1717, Catholic War Veterans; Voiture 164, Forty and Eight Society; Eight and Forty Salon; Gold Star Mothers, Navy Mothers League. All Ghan Shrine Band; Fort Hill High School Senior and Junior Bands; Allegany High School Senior and Junior Bands; Recruiting Services of the Army, Marine, Navy and Air Force; Fort Cumberland Post 13, American Legion and Auxiliary Unit.

Commenting on the program Conlon said, "It is fitting that we continue this custom established by our earlier patriots to set aside this one day to honor our departed comrades." Commander of the sponsoring organization is Harold W. Davis.

Other participants in the Allegany County contest Tuesday night at the Court House were Patricia King, Cumberland; Donna Simpson, Cresaptown; Linda Fike and Betsy Phelps, both Danville.

Assistant County Agent James B. Arnold reports that the 4-H Club public speaking contest for boys of Allegany County will be held at 9:30 a. m. Saturday in the county agent's office at the Court House. Between three and six boys are expected to compete.

Two other talk topics have been suggested for the 4-H members besides Miss Clark's winning subject. They are "What I Have Learned Through My 4-H Club Work" and "How 4-H Club Work Has Influenced My Life."

Judges for the girls' contest were Mrs. Irene McDonald, this city, who has been active in homemakers' affairs; Miss Peggy Sterbutzel, English and Journalism teacher at Valley High School, Lonaconing.

Services for Patrick N. Tranum, who died Tuesday in the Allegheny County Infirmary, will be conducted tomorrow at 10 a. m. at the Kight Funeral Home.

Rev. James D. Elliott, pastor of Central Methodist Church, will officiate and interment will be in the Allegheny County Cemetery.

Mr. Tranum was a native of Westernport, a son of the late B. C. and Sarah (White) Tranum. He was a retired brakeman for the Western Maryland Railway and was the husband of the late Mamie (Salem) Tranum.

Survivors include a son, Charles Tranum, Chicago, Ill.; three half-brothers, John Tranum, Phoenix, Md.; William Tranum, Franklin, Md.; and Theodore Tranum, Baltimore; three half-sisters, Mrs. Cora Walker, Baltimore; Mrs. Nora Smith, Franklin, and Mrs. Dolly Monigold, Piedmont, W. Va., and two grandchildren.

Rufus W. Park

FABIUS, W. Va. — Rufus W. Park, 61, died last Thursday at his home at Fabius. Mr. Park had been in ill health for some months and was in the Veterans Hospital in Martinsburg for treatment several months.

Mr. Park was the son of the late Daniel Thomas and Mary Elizabeth (Poland) Park. He was a veteran of World War I and a member of the Kirby Post 134, American Legion.

Surviving are a daughter Mrs. Herman Spear, Charles Town, and five sons, Thomas G. Park, Chehalis, Wash.; Eddie W. Park, Pleasant Dale; George S. Park, Charles Town; Rufus W. Park Jr. and Clarence E. Park, both at home. Also one grandson, Thomas L. Park, Chehalis, Wash.

Funeral services were held Sunday at the Asbury Methodist Church by Rev. Samuel Shank. Interment was in Asbury Cemetery. Military honors were conducted by the members of Kirby Post 134 and the John M. Goli-day Post 64, American Legion, Moorefield.

Mrs. Dewey Werner

MT. SAVAGE — Mrs. Lucille Werner, 64, former resident, died Tuesday at her home in Tuscarawas, Ohio.

A native of Mt. Savage, she was a daughter of the late George and Jennie Swauger.

Mrs. Werner was twice married and both of her husbands, Jacob Butts and Dewey F. Werner, preceded her in death.

She is survived by a daughter by her first marriage, Mrs. Russell Myers, Gnadenhuetten, Ohio, and four children by her second marriage; five brothers, Albert Swauger, Mt. Savage; David Swauger, Frostburg; Edwin Swauger, Baltimore; Raymond Swauger, Dover, Ohio, and Arthur Swauger, Dennison, Ohio, and four sisters, Mrs. Elsie Porter and Mrs. Irene Neal, Gnadenhuetten; Mrs. Mary Engle, Dover, and Mrs. Ella Cook, Fair Oaks, Pa.

The body is at the Uhrichs Funeral Home in Uhrichsville, Ohio. Services will be conducted there tomorrow afternoon and burial will be in Dover Cemetery.

Bids Sought On Road Work

CHARLESTON, W. Va. — The State Road Commission has tentative plans to open bids June 10 for construction of a stretch of Interstate 81, formerly designated as Interstate 2, northwest of Martinsburg in Berkeley County.

The project will involve grading, draining and concrete paving of 3.033 miles of the four-lane expressway.

No contracts for actual road work on the interstate system in West Virginia have been let as yet, although a contract was awarded earlier for a bridge on Interstate 64, formerly Interstate 3, in Cabell County.

Trooper Exchange Made For Romney

CHARLESTON, W. Va. — State Police Supt. Hazen Fair announced today the transfers of two troopers in Company C which has main headquarters in Elkins.

Trooper W. A. Steffick was ordered transferred from Elkins to Romney. Trooper A. J. Humphreys was ordered moved from Romney to Elkins. Fair said the transfers would be effective next Sunday.

Man Steals Device From Hospital Room

RICHMOND, Va. — Medical College of Virginia Hospital officials think the do-it-yourself trend has reached a peak. A man reported to the emergency room that he couldn't sleep. He was asked to wait in an unoccupied room. Moments later a nurse saw him running from the building. Missing: one stethoscope.

Dies Of Wound

PRESTON, Md. — Harry McMahon, vegetable grower near Preston, died today from a bullet wound in his head.

McMahon, in his late 50s, reportedly shot himself with a rifle in his front yard.

Ocean-dwelling bony fish drink and experiments indicate that at least some fresh water fish regularly swallow water.

William Bridges Jr.

BARRELVILLE — William Woodrow Bridges Jr., five-year-old son of William W. and Geraldine (Reed) Bridges Sr., died yesterday at his home here. He had been in ill health for several years.

He was born in Frostburg, and was a baptized member of St. Patrick's Catholic Church, Mt. Savage.

Also surviving besides his parents, are three sisters, Mrs. Donald Hadden, Annapolis, and Paullette and Lucinda Bridges, and maternal grandfather and step-grandmother, Mr. and Mrs. Melvin Reed, of here.

The body is at the Hafer Funeral Home in Cumberland and will be at the residence after 7 p. m. today.

Services will be conducted there Saturday at 9 a. m. by Rev. Michael Smyth, pastor of St. Patrick's Church, Mt. Savage. Burial will be in the parish cemetery.

Mrs. William Warnke

HYNDMAN — Mrs. Sarah Moreland Warnke, 68, died yesterday at her home here. She had been ill six months.

A native of Hyndman, she was a daughter of the late Frank and Levenia (Dunlap) Mason. Twice married, she was preceded in death by both her husbands, Asa Moreland and William Warnke.

Mrs. Warnke was formerly employed as a cook at Memorial Hospital in Cumberland, and was a member of Hyndman Evangelical United Brethren Church. She is survived by five children, Arthur Moreland, address unknown; Mrs. Elizabeth Thors, Crownsville, Md.; John Moreland, Baltimore; Samuel Moreland, Cumberland, and Mrs. Pearl Beals, Hyndman; a sister, Mrs. Rachael Moreland, Cumberland; six grandchildren and four great-grandchildren.

The body is at the Zeigler Funeral Home where services will be conducted Saturday at 2 p. m. by Rev. George Bittner. Burial will be in Hyndman Cemetery.

New Yough Lake Road Opens Friday

Yough Lake near Confluence, Pa., a favorite spot for sightseers and picnickers, will be more easily accessible for area residents this year.

The Pittsburgh District of the Army Engineers Corps has announced that a new roadway permitting access to the recreation area in the vicinity of the Youghogheny Dam spillway will be open to the public beginning Friday.

The lake, Army Engineers report, is at the highest level in its history, although there is room for millions more gallons before the capacity of the dam is reached.

Recent rains resulted in high waters in the Youghogheny River and all its tributaries. Water from the upper watershed of the river was impounded to check the runoff so flood conditions could be prevented in the lower valleys of the area.

Yough Lake, the engineers claim, is backed up high among the trees which usually are considered the perimeter of the pool. At what was formerly Somerfield, the water is not far from the parking area, a spot which usually sits high above the surface.

The new roadway, it was explained, will be open daily from 8 a. m. to 8 p. m., beginning Friday. Visitors to the area will not be permitted to stop their automobiles on the dam or at the operating tower.

Officials said the lake proved to be one of the most popular recreation spots in the area last year. A total of 566,178 people visited the spot in 1957, with boating, swimming and fishing being popular activities.

Bedford Trooper Hurt In Crash

Trooper Michael Tokarczyk of the Pennsylvania State Police at Bedford is reported in "good" condition at Bedford County Memorial Hospital where he was admitted Tuesday after being injured in a crash.

Trooper Tokarczyk was injured by two alleged adult drag racers in Hopewell Township while he was investigating an accident.

Police said the trooper was struck down in a pileup of vehicles during a roadside check. Two men, Raymond Chaney, 26, and Russell Baughman, 36, both of Hopewell, were charged with reckless driving in the case.

Accident Compensation Cases Being Processed

Accident compensation cases were heard today in the auxiliary court room in Allegheny County Court House by Paul M. Fletcher, of the Workmen's Compensation Commission.

Fletcher, member of the commission, will also hear cases tomorrow.

"Rain Bird"

The plover is the "rain bird" of Europe because of its habit of scolding before rain. "Plover" is derived from "pulvia," the Latin word for "rain."

Ocean-dwelling bony fish drink and experiments indicate that at least some fresh water fish regularly swallow water.

## Deputy Head West Virginia Pen Resigns

MOUNDSVILLE, W. Va. — Ira M. Colner, veteran deputy warden of the State Penitentiary, has announced his resignation, effective June 1.

In making the announcement yesterday, Colner gave no reason for his decision to leave. He said he had no immediate plans for the future.

Warden Donovan Adams said he had not chosen a replacement for Colner, who has been in state penitentiary work for nearly 25 years.

Colner has served as acting warden of the State Penitentiary Colner has served as acting warden of the State Penitentiary of two different occasions. He was named to the post after State Treasurer Orel J. Skeen resigned to run for the office he now holds. He again was called upon to take over in place of Warden E. E. Tucker of Bluefield in January of this year after the State Senate refused to confirm Tucker. Colner was named acting warden until Adams, former State Police sergeant, was named to the post by Gov. Underwood.

## Dirt Blocks B&O Tracks

HAVRE DE GRACE, Md. — Water being flushed from the Havre de Grace reservoir piled up dirt and debris on Baltimore and Ohio Railroad mainline tracks last night and freight trains were rerouted until the tracks could be cleared.

City Engineer Frank Boettcher, said crews removed six or seven loads of debris from the tracks before they were made passable.

Boettcher said the trouble developed while the one million gallon reservoir was being washed. Excess water carried dirt and rocks onto the tracks, he said.

The water usually flows beside the tracks and dissipates, but last night banks, weakened by heavy winter snows, were crushed and mud and debris poured down onto the tracks.

The tie-up occurred just south of the Susquehanna River Bridge.

## Convicts Waive Extradition To West Virginia

WILLIAMSBURG, Ky. — Three convicts who escaped from a West Virginia tuberculosis sanitarium have waived extradition.

Whitley Circuit Judge J. B. Johnson said yesterday Ted McKinney, 28, Beckley, W. Va., William E. Kearns, 46, Elkins, W. Va., and Thurman Rice, 30, Charleston, W. Va., were expected to be returned by tomorrow.

They were among five convicts who escaped from the Hopewell Sanitarium at Terra Alta, May 7.

William Elkins, one of the others, was shot fatally at Beckley when he apparently tried to enter an apartment building.

McKinney was quoted by police earlier as saying he and Kearns and Rice would fight return to the sanitarium.

## No Vengeance Seen In Killing

LYNCHBURG, Va. — The defense presented more testimony today as the attorneys sought to show that James Sidney McCormick did not seek to inflict premeditated vengeance on his former wife and her grandmother.

They contended during the opening day of his trial in Corporation Court yesterday that McCormick had gone to the home of Mrs. Alma Walton Davis, 66, his ex-wife's grandmother, only to get his two children, awarded to Mrs. McCormick in a divorce decree.

McCormick is accused of killing Mrs. Davis and wounding her daughter, Mrs. Alma Davis Powell, and his former wife, Mrs. Beverly Jean Miller McCormick, 19, at the Davis home the morning of Jan. 21.

MAID OF HONOR—Comely Miss Eva Louise Kight, 19-year-old daughter of Mr. and Mrs. William C. Kight of Westernport, was maid of honor for May Day ceremonies at Shenandoah College in Dayton, Va., where she is a member of the sophomore class.

Piney Plains Annual May  
Day Festival Tomorrow

PINEY PLAINS — The annual May Day festival at Piney Plains Elementary School will be presented tomorrow at 8 p. m. at the school.

A program including a series of songs, dances, poems and a story play, all associated with May Day pagantry, has been arranged. All grades from one to six, under the supervision of the teachers, have parts in the production. Miss Anita Dicken, music teacher, is assisting with the music and dances.

The first and second grades, in addition to presenting several songs and a dance, will enact a musical story play featuring hand puppets.

The third and fourth grades, in addition to reciting some poems and selections, will dance the traditional May pole dance.

The fifth and sixth grades will recite poems, present two folk dances and sing a medley of songs featuring two-part and solo singing.

A feature will be the coronation of the May queen, Margaret Polts, and the king, Paul McCusker. Attendants in the court include Mary Ann Fogle, June Hofs, Donna Sipes, Linda Hora, and Diana Sipes. Guards in the court are Harold Creek, Daniel Price, Garry Roberts, Larry Price and Glendon Trail. Diane Whorton, Linda Norris, Victoria Roland, and Carol Golden are the flower girls and crown-bearers.

Lester Roberts, president of Piney Plains PTA, will crown the king and queen.

Bedford Masons To Observe Anniversary

BEDFORD — Bedford Lodge 320, Free and Accepted Masons, will celebrate its 100th anniversary with three events later this month.

The anniversary celebration will open Sunday, May 25, with religious services in St. John's Evangelical and Reformed Church on West John Street.

Two past masters of Bedford lodge will be in charge of the services. They are Rev. Russell E. Eroh of Greensburg and Rev. George L. Melhorn of Johnstown.

Both clergymen, formerly served pastorates in Bedford. The anniversary dinner will be held at 6 p. m. Thursday, May 29, in the main dining room of Bedford Springs Hotel, two miles south of Bedford on Route 220.

Reservations must be completed by Saturday, May 22, with Gordon W. Mosner, PO Box 333, Bedford.

The anniversary dinner will be preceded with a reception at 4:30 p. m. in the lodge hall at West Pitt and South Juliana Streets.

A number of state Masonic leaders are expected to be present. Bedford Lodge 320 was constituted May 27, 1858.

Horse Show Stated  
Committees have been selected and plans are now underway for the fifth annual Bedford County Lions Interstate Horse Show to be held July 4, 5 and 6 at the Bedford Fairgrounds. The all-charity event is recognized as one of the leading horse shows in Pennsylvania.

The show is produced by the Boots and Saddle Club and sponsored by the Bedford County Lions Club and the Women's Auxiliary of Bedford County Memorial Hospital.

Arthur M. Hines is again serving as general chairman.

Co-chairman is Perry C. Wilson with Mrs. William Palin and Mrs. Robert Salathe Jr. as co-chairmen from the hospital auxiliary.

Doctors on call will be Dr. H. A. Shimer, Dr. William Palin, Dr. John O. George and Dr. Wesley McCahan. Proceeds will go to the Bedford County Memorial Hospital and the Lions Club Youth Activities Fund.

Meeting Scheduled  
FROSTBURG — James Lancaster, president of the Braddock Playground Association, Inc., requests that fathers of children who use the playground meet at the park at 1:30 p. m. Sunday to assemble equipment.

Most expensive movie of all time was "The Ten Commandments," which cost \$13,500,000 to produce.

### IOOF Lodge Will Honor 26 Members

KEYSER—Queens Point Lodge 78, IOOF, will honor 26 members at a dinner in the Odd Fellows Temple Monday at 6:15 p.m., when veteran buttons will be presented to those who have a membership of 30, 35 and 40 years. Otway Gunnoe of Gauley Bridge, past grandmaster of the Jurisdiction of West Virginia, and chairman of the Home Board of the Odd Fellows Home at Elkins, will be present to speak and present membership buttons. The dinner and presentation ceremony is open to all Odd Fellows and Rebekahs of Keyser.

**Encampment Set**  
Brig. Gen. William E. Blake, adjutant general of the West Virginia National Guard, has officially notified Battery C, 201st Armored Field Artillery of Keyser, that Camp Breckenridge, Ky., be the site of the 1958 summer encampment from June 13 to 29. Capt. Henry E. Will, commanding officer of the local unit, stated that this year's journey to field training will be by government vehicle motor convoy. Keyser guardsmen will receive practical application of the training which has been taught them, and will receive on-the-job training in military subjects during their stay at Breckenridge. A total of 17 days field training has been scheduled this year to accommodate the troop movement convoy to camp, instead of the regular 15 days. Part of the time spent at camp will be devoted to tactical artillery training and practice problems. Highlight of the program, scheduled for the two weeks will be the Governor's Day parade Friday, June 20.

### Keyser Area PTA Elects Oscar Lease

KEYSER — Oscar Lease was elected president of the New Creek Parent-Teacher Association Tuesday night. A covered dish supper was served. Others named to serve with him were Mrs. Betty Thomas, vice president; Mrs. Nannie Miller, secretary; Mrs. Madeline Robinson, treasurer and Mrs. Ruby Rembold, historian. The group decided that rather than give a party for the children on the last day of school the PTA would purchase three or four balls for use on the school playground.

#### Dinner Tonight

The annual mother-daughter supper will be held today at 6 p. m. in Church of the Brethren. The theme for the program is "Rock-A-Bye-Baby" depicting the life of the little girl with her doll and taking her through the time when she has a little girl of her own, watching her grow, and in turn building a home of her own. One of the highlights of the evening will be the selection of the Star Mother of 1958. Former Star Mothers have been Mrs. L. S. Long 1950, Mrs. J. W. Ebert 1951, the late Mrs. Clara Michael 1952, Mrs. J. P. Burns 1953, Mrs. Charles Ludwig 1954, Mrs. M. C. Rotruck 1955, Mrs. George McNeill 1956 and Mrs. J. A. Rotruck 1957.

Each one is to bring a dish of "her specialty" for the supper. Rolls and beverages will be furnished. All women and girls of the church may attend with their mother or daughter as guests. The committee in charge includes Mrs. Fred Bowman, Mrs. Lynn Roderick, Mrs. Nat Dantzic, Mrs. Charles Bobo and Mrs. Stanley Dantzic.

#### Dances Stated

The first of a series of Friday night summer dances is scheduled for Keyser Elks Lodge 1916 tomorrow from 9:30 p. m. until 1 a. m., Exalted Ruler Joseph A. Blundon said.

Recorded music will be played on a high fidelity machine which is being installed in the lodge on Center Street. Blundon emphasized that dress for the occasion would be sports clothes and said that many of the Elks and their guests planned to wear shorts.

### Mrs. George Donius Heads Beall Elementary Group

FROSTBURG — Mrs. George Donius was elected president of Beall Elementary Parent-Teacher Association at a recent meeting in the school. Mrs. Benjamin Lewis was named vice president; Miss Catherine Goldsworthy, secretary and Mrs. Arvil Garlitz, treasurer.

The officers, who will serve for the school year 1958-59, were installed by Principal Earl F. Brain. Mrs. Donius was presented a pin by Thomas B. Powell, retiring president, and the principal gave a past president pin to Powell.

Fred H. Anderson, magistrate of Juvenile Court, Cumberland, spoke. His theme was "Our Responsibilities for Today's Youth."

Guests of the PTA included the faculty, cafeteria workers and custodians who were presented gifts from the association.

A project of the PTA, the presentation of six photographs and library books to the school, was made possible from proceeds of a ham supper held in March by the ways and means committee, with Mrs. William Dugan as chairman.

Mrs. Herman Winters, chairman of the membership committee, announced that 350 members joined Mrs. Margaret Layman's Fourth Grade which received the award for the highest percentage of parents joining.

Mrs. Arvil Garlitz, chairman of the hospitality committee, thanked all the parents for their cooperation during the past year. Miss Estelle Williams, chairman of the program committee, gave a report showing the cooperation of public leaders, school officials, ministers and parents to make the four programs of the year worthwhile.

The School Patrol will be honored with a party by the PTA in June. Mrs. George Bucklew, past president of the Hill Street School PTA and recently elected president of the Allegany County Council PTA, was introduced by the president.

Refreshments were served by Mrs. Arvil Garlitz and Mrs. Charlotte Folk, co-chairmen of the hospitality committee, assisted by Mrs. Calvin Bucklew, Mrs. Mamie Griffith, Mrs. William Dugan, Mrs. Clyde Settle, Mrs. James Morgan, Mrs. Thomas Powell, Mrs. Herman Winters, Mrs. Alfred Drew and Mrs. Matthew Skidmore.

Rev. Paul Taylor, pastor of Zion United Church of Christ, gave the invocation, followed by the flag salute.

The school band, under the direction of Frank Munson, played three selections.

### Guard Lists Five New Men At Frostburg

FROSTBURG — Chief Warrant Officer A. J. Arrington of Company D, 115th Infantry, Maryland National Guard, announced that five men have enlisted in the guard and will leave May 24 for Fort Knox, Ky., for six months military service under the National Guard plan of young men fulfilling their military obligations to the nation. They are, Paul G. Adams, Eckhart; Earl J. Clark, 91 Wright Street; Gerald H. Croston, RD 1; Walter W. Eichhorn, 3 Park Street, and John J. Smith. Two men are presently serving their six months service with the National Guard. They are Gary J. Taylor, Wright's Crossing, and Raymond F. Whitefield, Frostburg. Three have completed service and returned to civilian life. They are Thomas Richards, Carlos; Philip Whetstone and William V. Weimer, Frostburg.

CWO Arrington also announced that the Permanent Construction Company, Baltimore, is presently working on a "vehicle compound" that will accommodate 100 vehicles such as jeeps, weapons carriers and trucks. The cost of the contract is approximately \$20,000. The compound is located on the south side of the armory, being bounded on the north side by the armory and having a concrete wall with a cyclone fence atop it on the other three sides.

The area is also used by "Organizational Maintenance Shop 5" which services vehicles for armories at Cumberland, Frostburg and Oakland under the supervision of Sgt. Matthew Skidmore, shop foreman.

### Coney Residents Accept Swimming Pool Proposal

LONACONING—About 80 residents attended a meeting last night in City Hall and decided to go ahead with a proposal to rebuild and clean the old Charles town swimming pool. Samuel Gardner and Benjamin Evans were named co-chairmen in charge of the project and they called for volunteers to be at the scene today at 6 p. m. They suggest that each man interested in helping bring either a shovel, pick, or axe and wear boots. According to Calvin James, financial secretary, several organizations and individuals have pledged money to help with any expense involved. However, the major need is for volunteer labor, he noted. Mayor Wilmoth Garlitz urged as many as possible to take part. Oldsters in the community recall when the pool provided a popular park and picnic area, and those who have inspected the premises believe it can be developed again. The pool is made of stone, but the 1936 flood washed out some 30 or 40 feet of wall which must be replaced. The pool has also partially filled with silt and this must be flushed and the pool drained before the place will be in good condition and suitable to use. Workmen tonight expect to clear brush and try to open a drainage ditch so the pool can be flushed and the swampy and mushy areas drained and dried out. Lonaconing has been without an adequate swimming pool for many years, and residents believe that a cooperative effort such as this one will fill the need for youngsters as well as older people.

# Invitational Set Tonight At Frostburg

The season's first nocturnal track and field meet is slated tonight when the Beall High Invitational will get underway at 7:15 in Frostburg.

Five schools are expected to compete in the 12-event program with Keyser, Allegany, Ridgeley and West Virginia School for the Deaf of Romney entered along with the host Mountaineers. Coach Jerry Calhoun of the Beall team also said there is a possibility that Berkeley Springs may send a squad.

On tap are eight track events and four in the field. Place winners in all events will receive ribbons, with the exception of the relays when teams will be given ribbons.

A program for junior high schools from Cresaptown, Mt. Savage, Allegany, Ridgeley and Beall is also entered with the five to participate in the relays.

There will be the 440 in the 95 and 115-pound classes and the 440 and 880 in the junior unlimited.

# Turley Hurls Third Shutout Over Orioles

NEW YORK (AP)—There is only one difference to speak of between Yankee pitchers Bob Turley and Don Larsen, as far as the Baltimore Orioles are concerned.

Turley has pitched three straight shutouts against the Orioles and has yet to be beaten. The Orioles have beaten Larsen once.

Very Little Difference But the difference was imperceptible during the past two games between the two teams.

Larsen white-washed Baltimore 3-0 on a four-hitter Tuesday night and Turley blanked the Orioles yesterday 1-0, again a four-hitter.

A double in the fourth frame by Mickey Mantle scored Tony Kubek for the winning margin. It was the only score of the game and the only run New York needed to blank the Orioles for the fourth time this season.

The two consecutive losses were doubly hard for the Orioles to take. Both of them came at the hands of ex-Oriole pitchers.

Baltimore meets the Yankees this afternoon in the final game of the series in an effort to regain some of its lost ground. The Orioles are tied with Detroit in fourth place, five games behind the Yankees.

Harshman Vs. Ford Jack Harshman, with five straight wins under his belt, starts for Baltimore against Yankee star White Ford (2-2).

The 27-year-old Turley has pitched 27 successive scoreless innings against the Orioles. Against him, Baltimore has hit safely only nine times, all singles.

Billy O'Dell, who now has a 3 and 4 record, let up only four hits before he was yanked in the seventh for a pinch hitter. Relievers George Zuverink and Ken Lehman finished the game, giving up two more Yankee hits.

O'Dell fanned six and walked one while Turley walked five and struck out seven.

# Maple Inners Notch Third

Maple Inn Old Germans became the winningest team in the County Softball League yesterday by whipping Stringtown, 3-1, for their third victory. Jim Morgan's triple and a single by pinch-hitter Bob Cessna in the sixth provided the winning run.

Jerry O'Baker tossed a six-hitter for the win while Hoselrode was the loser. Jim Morgan had a triple and single and "Rags" Morgan a pair of hits for Maple Inn. Jerry Stair socked a three-bagger and single and Joe Sager two singles for the Stringers.

Kennell's Mill won its first with a 10-5 decision over Hyndman's Planers and Corriganville exploded for nine runs in the fourth to trim Homewood Tavern, 10-1, in the other action.

Don Kreigline had a pair of triples for Kennell's Mill as Paul Stair won over Robeson. Art Raygor flipped a five-hitter for Corriganville and fanned 11.

John Price had a double and two singles while Joe Raygor, "Bunk" Warnick and Jim Farris garnered two hits each. Lewis doubled and singled for Homewood.

# Sports Car Inspections To Begin Tomorrow

## 300 Drivers Expected To Compete In Sunday Card

All eyes in the sports car racing field will be focused on Cumberland this weekend with the staging of the National Sports Car races here on Sunday.

Preparation for the nine-race card which tops off three-days of activity, will begin tomorrow morning with the first of the two days of inspections and qualifying for the 1.6 mile Municipal Airport course.

Inspection Tomorrow The estimated 300 drivers who are expected to test their skills on the tricky airport course before arriving in the city today.

Tomorrow morning, beginning at 9 o'clock, a 10-hour registration and safety inspection will begin for the participants in the nine-race program.

The Steel Cities Region of the Sports Car Club of America handles the technical phases of the race and officials began making their trek toward the city today to make the final preparations.

All cars must undergo a "shake down" in the biggest of the hangers at the local airport and must meet the rigid tests to insure safe racing Sunday. The inspection, which continues until 7 tomorrow evening, will be followed by a meeting at 8 o'clock at the Fort Cumberland Hotel Ball Room.

Saturday morning will be taken up by registration from 9 to 10:30 a.m. and then, starting at 11 o'clock, drivers will make their practice tests with the trial runs lasting until 6 o'clock.

Expect 60,000 The local racing, co-sponsored by the Steel Cities Region, SCCA, and the Cumberland Lions Foundation, will undoubtedly hold its place as being the largest race in the nation, both spectator and driver wise. An estimated 45,000 fans watched last year's show despite an overcast, threatening day. Officials expect nearly 60,000 at this Sunday's affair.

The number of pilot entries for the racing will represent nearly all states in the union plus a number of "throttle jockeys" from Canada and Cuba.

Some of the "oldtimers" who will make re-appearances on the gruelling course with its seven hazardous turns include Dr. M. R. J. Wylie, one of the Steel Cities Region members who helped organize the race seven years ago, and his wife driver, Peg. Both will pilot new Elvas powered by Coventry Climax engines.

Milo To Test Course Dr. Richard Milo, comparatively a newcomer to Cumberland, will make his bid for coveted trophies and national points. Doc, a Pittsburgh psychiatrist, will be driving the LeMans proto-type AC Bristol. Doc was the winner of the Class D competition at Sebring Endurance race earlier this spring. Other top flight drivers are expected to be on the starting grid Sunday.

Not to be outdone, the finest women drivers will vie for first position in the ladies race. Entrants include last year's winner, Denise McCluggage, sports reporter for the New York Herald Tribune, Laura Dansey, who is the wife of Homer Dansey, regional executive of Steel Cities Region of SCCA and Mrs. "Toni" Cappiello of Arlington, who was second last year in Cumberland's "powder puff" race.

School athletes, including members of the junior varsity teams, and cheerleaders will be honored tonight at the 10th-annual All-Sports Dinner of the Allegheny High Camper Club at Centre Street Methodist Church Hall. The affair will begin at 6:30.

Roy Lester, former Alco coach and now freshman football and basketball mentor at the University of Maryland, will be speaker with Jim Hosack, one-time Camper or assistant coach, serving as toastmaster.

A sports film will be shown following the dinner.

## SOUTHERN CLOBBERS BAYARD NINE, 14-4

Getting runs in every inning but two, Southern High of Oakland rapped Bayard, 14-4, yesterday on the losers' diamond. Ron Colaw had a triple, double and single for the Highlanders while Ron Kuhn smashed a homer and pair of singles for Bayard.

Southern ..... 022 415 0-14 13 13 Bayard ..... 211 000 0-4 6 6 Glatfelter, DeWITT and R. Colaw Layton and Selick.

City Rec Softball Meetings Postponed The City and Rec softball leagues meeting tonight at City Hall has been postponed until Monday, 8 p. m., Gene Mason, City Rec director, said last night.

Monday will be the deadline for teams to enter the leagues. The City League needs one more league season with an 11-3 record. North Carolina must win to tie Clemson and force a playoff Monday night at Gastonia, N. C.

## Sonny Liston Adds Life To Heavy Class

CHICAGO (AP)—It is refreshing these days to see a heavyweight who looks like he can fight.

Sonny Liston of Philadelphia eventually may prove to be the prospect needed to pump life into the division.

The unranked, 26-year-old former St. Louis Golden Gloves champion made his national TV debut in Chicago Stadium Wednesday night. He disposed of Cuba's Julio Mederos with a third round technical knockout to register his 12th straight victory and his 18th in 19 pro starts.

For all of his 204 pounds, Liston displayed poise, grace, power and confidence — and a head-rocking left jab that cut through Mederos's lower lip.

It was this blood-flowing injury that halted the scheduled 10-round fight with the Cuban still in his corner as the bell sounded for the third round. Dr. Irving Slot of the Illinois Athletic Commission advised referee Bernard Weissman to stop the fight.

Mederos' record now is 25-19-3. He has scored 14 knockouts, but didn't have a chance to show his punching ability against Liston.

## Guardsmen To Drill

The National Guard team of the Rec Softball League will drill tomorrow, 6 p. m., at Penn Avenue Field.

## Hilltoppers' Jones Hurls 3-0 Shutout At LaSalle

Fort Hill apparently took care of the title ambitions of LaSalle High's nine in the city and Allegheny County Interscholastic League races yesterday as Russ Jones blanked the Explorers, 3-0, at Penn Avenue Field.

The loss was the fourth in seven ACL starts for LaSalle and their third in as many city clashes, including a pair of setbacks at the hands of the Sentinels. By winning their eighth game in nine showings, the Red Raiders also made their city record 2-0, leaving only two meetings remaining with Allegheny.

All eight of the ACL clubs are to play tomorrow, pacing Allegheny putting its 7-0 mark up against Bell at Frostburg while the Sentinels will be in Barton to meet Valley. LaSalle will be host to Bruce and Mt. Savage goes for its sixth straight when facing Flintstone on the Aggies' diamond.

Jones and Ed Weaver combined yesterday to hand LaSalle the white washing. The veteran hurler gave up only two hits while Weaver drove home enough runs in the first with a two-run single.

Jones, in bagging his fourth triumph, also took his second over LaSalle. He walked only one and struck out seven. Singles by Bill Blake and Blisganno were the only blows off him. Blake went all the way for the losers, giving the hard-hitting Sentinels only four hits while whiffing two and walking five.

Jim Stinson opened the first with a single and, after Tom Shaw was out, Thurl Roy drew the first walk. Gary Wolford popped up and a passed ball moved the runners up. Weaver then slammed a shot through the box off Blake's knee.

Before the ball, which rolled toward first base, could be retrieved, both Stinson and Roy had scored. The other run came in the fourth. No player collected more than one hit and all the satelies were singles.

## Keyser High Cops Mineral County Meet

Keyser High retained its Mineral County track and field honors yesterday and Ridgeley's Bill Scott took individual scoring laurels in the testest at Keyser.

The Golden Tornado, with firsts in six of the 11 events, compiled 61 points while Ridgeley was second with 47 and Elk Garden third with only three.

Gary Keedy copped the 100 and 220-yard dashes for the winners and was also on the winning 880-yard relay team as he accounted for 12½ points.

Scott collected 22½ tallies for Ridgeley with firsts in the shot put, discus and broad jump in addition to running on the victorious mile-relay quartet. Scoring:

# Kluszewski Making Reds Regret Trade To Pirates

## Socks Three Hits As Bucs Score, 5-4, Over Cincy

By FRED DE LUCA  
INS Sports Writer

Big Ted Kluszewski, a proud fellow indeed, is making the Cincinnati Reds rue the day they decided he was washed up.

When the huge first baseman, whose relations with the Reds had been strained ever since his back was injured, was traded to Pittsburgh in December, Cincinnati general manager Gabe Paul said:

"It's a new challenge for him. He's a proud fellow and will react to that."

Hits Ex-Mates For .500

Big Klu has, and the brunt of the reaction has been borne by Cincinnati, whose pitching Ted has tattooed at a .500 pace this season.

Ted, the most muscular human ever to wear a corset, rapped out three hits last night to lead Pittsburgh to a 5-4 win over Cincinnati. It was the Pirates' fifth victory in seven games with the Reds and lifted the Bucs into second place while Cincinnati fell to sixth.

Klu drove in two runs and scored a third last night as he boosted his over-all batting average to a respectable .280. His hitting helped the Bucs to their sixth straight win and Vern Law to his fifth triumph in six decisions. Reliever Charley Rabo suffered the loss.

The National League standings generally were shuffled as Milwaukee replaced San Francisco in first place on the strength of Warren Spahn's five-hit, 4-to-1 win over Philadelphia. Spahn became the first major league pitcher to win six games this season.

Stan Paces Cards' Win

The Giants lost, 3 to 2, to the St. Louis Cardinals, whose attack was paced by Stan Musial's three hits. The Chicago Cubs broke their losing streak and stretched the Dodgers' by whipping Los Angeles, 7 to 3.

In the American League, the New York Yankees blanked Baltimore, 1 to 0, as Bob Turley won his fifth straight complete game and his third shutout. Dick Gernert's ninth-inning homer gave Boston a 7-to-5 win over Washington. Dick Donovan gave up just four singles as the Chicago White Sox dumped Kansas City, 4 to 1. A pair of two-run homers by Roger Maris sparked Cleveland to a 9-to-8 win over Detroit.

Turley, all of whose shutouts have been against Baltimore, allowed only four hits as he reduced his earned-run average to 1.00. The only run of the game came off Billy O'Dell in the fourth on a single, a ground out and Mickey Mantle's double.

Gernert's homer broke a 5-all tie and tagged Truman Cleveland with the defeat. Leo Kiely, who hurled six scoreless innings of relief, was the winner. Billy Renna hit a three-run homer for the Red Sox. The second-place Senators now trail the Yankees by four games.

Donovan chalked up his second win for the White Sox against three defeats. Sherm Lollar homered and doubled to help hang the setback on Duke Maas.

Maris Socks Pair

Maris hit his homers in the eighth and ninth for the Indians, who used eight pitchers in their comeback victory. Don Mossi won and Tom Morgan lost. Billy Harrell stole home in the ninth for the Indians.

Spahn registered the 230th win of his great career as his hurling was backed up by Del Crandall and Johnny Logan homers. Ray Semproch yielded all the Braves runs to even his record at 3-and-3.

The fans at Busch Stadium in St. Louis cheered Musial in pre-game ceremonies for entering the 3,000-hit club the day before. He responded with a first-inning homer that equalled a run scored by Willie Mays on a force play, two steals and a wild throw.

Stan Now Hitting .500

Don Blasingame drove in the decisive two St. Louis runs with a fifth-inning double. Johnny Antonelli lost and Wilmer Mizell, who gave the Giants just four doubles, won. Musial's three hits lifted his average to .500. It was the Cards' seventh straight win and carried them into fifth place.

Lee Walls crashed his 11th homer, a double and a single to end the Cubs' seven-game losing streak and push the Dodgers winless skein to six games. Jim Brosnan went the distance to win and Carl Erskine lost.

## Shorts Wearers Win City Battle

**GRAND PRAIRIE, Tex.** (AP)—The battle of the bare legs went to the wearers of the shorts when the City Commission declined to act on a petition from 400 residents asking that shorts be outlawed in the downtown areas as indecent. Mayor Pro Tem Dewey Miller said he had been advised an ordinance against shorts would be unconstitutional.

The Pipestone National Park in Minnesota is the locale where Indians have, for generations, quarried the red pipestone from which they made their traditional peace pipes.

## Missing Jet Plane, Pilot Found In Area

HARRISONBURG, Va. (AP) — A nine-day search for a missing T-33 military jet plane was ended Wednesday with the finding of the aircraft's wreckage and the pilot's body in an isolated mountainous area near the West Virginia line about 25 miles northwest of here.

Civil Air Patrol crews reported that the body of 1st Lt. C. J. Sparfaro of O'Hare Air Force Base near Chicago was found about 400 yards clear of the wreckage. Evidence indicated that the plane had crashed at a steep angle from a high speed dive and had practically buried itself in the ground.

Maj. Glen Sprouse, CAP information officer for West Virginia, said in Charleston, W. Va. that reports indicated the pilot had attempted to parachute from the plane but too late to save his life.

The single engine aircraft had been missing since last May 5 when it left Langley Air Force Base, Va., for O'Hare AFB, Sparta, Wis., alone in the plane. CAP crews were forced to use four-wheel drive jeeps in order to get to the crash scene. They traveled logging roads over the rugged area.

Two West Virginia CAP pilots were the first to spot the crash scene. Lt. Col. Carlton Bennett of Martinsburg and Capt. Edward Harper of Elkins were flying over the area Tuesday checking out reports of the missing plane when they saw broken and seared trees. CAP ground rescue crews from Summersville and Martinsburg, W. Va. and from Harrisonburg spent most of the night working their way into the site.

Half the total book circulation of a campus library comes from only about 20 per cent of the student body, says Lester Ashheim, dean of the University of Chicago's Graduate Library School. He says the laggard ones do only required reading necessary for their classes.

Nanny goat supplies milk for special formula—goat's milk, lime water and sugar.

**WINNING FIGHT** — Orphaned at birth, Esmyia, one of only a handful of purebred Arabians ever born in Missouri, is waging a strong battle for life on the farm of Dr. and Mrs. T. E. Atkinson Jr., in Springfield. The filly, 16 days old in the picture above, lost her dam within 24 hours due to foaling complications. The combination of energy, love and determination exhibited by Dr. Atkinson, his wife and sons, Steven and Lance, plus the colt's complete surrender of her life and future to them, give the Arabian a better-than-fighting chance for survival. The Atkinsons, who dearly love their Arabians, couldn't find anything in the "book" on how to nurse Esmyia. Using Dr. Atkinson's medical experience, plain "horse sense," and the loan of a nanny goat, the foal was offered a bottle of formula. But, thank you, she would not nurse the bottle. Esmyia grew weak, so in desperation

Mrs. Atkinson pushed the colt's nose into a pan of the formula. Once she got a taste, that was it. Now Esmyia takes 18 ounces every three hours. The colt, one of about 9,000 Arabians in the U.S., has adopted Mrs. Atkinson as her "mother." Mrs. Atkinson is shown with Esmyia, left photo, as Steven milks the goat. Arabians are the common ancestor of such breeds as Quarter Horses, Thoroughbreds and Morgans.

Safe in corral, Esmyia appears to be contemplating the future.

## 'All King's Men' Lauded As 'Powerful' TV Fare

By JACK O'BRIAN

NEW YORK (INS) — Kraft Theatre's two-part TV version of "All The King's Men" was stark, ugly and powerful, given walloping performances as morally deformed and ruthless as the play's grimly sadistic mood passed along by TV adapter Don Mankiewicz from Robert Penn Warren's 1947 Pulitzer Prize novel.

Neville Brand was an especially loathsome lot of a near-primitive dictator-type politician.

Maureen Stapleton created an equally wildly unpretty, portrayal.

William Prince came through highly effectively.

Frank Conroy chugged with dignity through his elder statesman role.

Robert Emhardt was shallow and weak and wily, a role we're

certain the late Gene Lockhart would have been summoned to had he been alive. Emhardt expressed the familiar Lockhart specialty—a brilliantly explored craven type—in much the same admirable fashion. Perry Wilson was absolutely perfect as the decent, drab and ignored wife of the power-struck pol.

It was produced live, in color, from Kraft's NBC Studio, and will conclude next Wednesday evening.

Translating a large novel of sprawling emotional impact and socio-political implications into the confinements of a TV studio presents many difficulties. It was plain the production economized on crowds and complicated scenic necessities. It did not, however, compromise its harshness in the slightest.

Oscar Levant's guest shot with Eddie Fisher has several TV producers interested in a network show for the 14-14-14.

"Wagon Train" had a deftly imaginative switch to get some fine fist-fighting into the film nobly.

"High Noon" keeps clobbering the competition wherever it is shown on TV; in Hollywood, it has hailed in 71 per cent of the theaters.

Burns & Allen sold their 240 old TV episodes to Screen Gems for \$4,000,000.

## New Officers Elected By DeMolay Unit

The DeMolay advisory board elected officers and formulated plans for activities for Cumberland Chapter at a meeting Tuesday evening at Ali Ghan Shrine City Club.

Lawrence C. Smith was elected chairman of the board, with James A. Hosack, assistant chairman. George E. Smith is dad of the chapter; Dr. Warren W. Cook, assistant; Robert A. Stallings, secretary to the scribe; Dr. John J. Robinson Jr., secretary to the board; Dr. C. A. Fosse Jr., ritual advisor; James J. Kave, assistant; J. Arthur Shank, awards advisor; Wayne A. Coulter, John Diamond, athletic advisors; Owen N. Morris, representative DeMolay advisor; Dr. Harry C. Butler, activities advisor; George K. Bishop and Walter C. Dillinger, wardrobe and stage.

The DeMolay degree for Cumberland Chapter will be conferred May 26 before Fort Cumberland Lodge 214, AP & AM.

At that time also there will be the presentation of the past master jewels to Leroy Henry and John Hirsch. The ceremony will be at the Masonic Temple, beginning at 8. Plans were discussed for a potential bowling league for Cumberland Chapter.

## Wallace Weary Of His Peck's Bad Boy Title

By CHARLES MERCER

NEW YORK (AP) — A somewhat changed Mike Wallace is presenting a meaty, satisfying television program these Sunday evenings which examines the nature of American society in relation to its institutions.

Wallace, still the most incisive interviewer on network television, is a trifle weary of his largely undeserved reputation of being Peck's Bad Boy in a medium which largely favors a Little Lord Fauntleroy approach.

In his new program (ABC-TV, Sundays, 10 p.m., EDT) sponsored by the Fund for the Republic, Wallace has interviewed the ologian Reinhold Niebuhr, industrialist Cyrus S. Eaton, Supreme Court Justice William O. Douglas.

Next Sunday his guest will be novelist Aldous Huxley.

The discussions are of ideas rather than personalities.

"I've moved away from the personal interview," says Wallace, "because I feel that my motives were being misunderstood. People got the idea that I was out to shock. Once I had that reputation, people seemed to be disappointed unless there was some blood-letting in an interview."

"Nightbeat," the New York local interview program on which Wallace first gained attention before he moved to a network, "was basically not much more than a thought-provoking program," he said. "Occasionally somebody said

something surprising—and people pounced on it as shocking."

Although he says he enjoys his new series more, Wallace says that his relationship with his old sponsor was "extraordinary in this business. They let us do what we wanted to and never complained."

Of that year of personal interviews Wallace regrets only one or two. "I don't feel that I was too tough. The people with whom I talked are still my friends. Every one came on of his own free will, you know."

Wallace's contract with ABC-TV runs until May 1, 1959. His current series is scheduled for 13 weeks — with all serious-minded television viewers hoping that it will be extended.

## Hitchcock Wants Chase Film On Monument

By BOB THOMAS

HOLLYWOOD (AP) — Alfred Hitchcock says he expects to realize his long ambition—filming a chase over the Mt. Rushmore Monument.

He may be spoofing, but you never can tell about Hitchcock. After all, he has made use of the Statue of Liberty, the tilted liner Normandie and other landmarks in his long and distinguished production of movie thrills.

Hitchcock has just returned from premiering his latest film, "Vertigo," in San Francisco. Now he goes to work with writer Ernest Lehman on a picture he calls "North by Northwest."

The story is a modern spy tale, and Hitchcock lamented that they are much harder to do than they were in prewar and wartime days.

"How can you tell who a spy is these days?" he sighed. "They no longer sport cloaks and daggers. They might be the nuclear physicists or the wives of millionaires."

"It is difficult to make a spy picture that will compete with real events in the world. How could you concoct a story as fantastic as the flight of Rudolph Hess?"

I asked him why he didn't film the Hess story.

"I don't think it would be a

success, for the same reason that Joan of Arc has never been—everybody knows the ending," he said.

The director can be proud of "Vertigo," which is in the best Hitchcock tradition. James Stewart gets a real acting workout. As for Kim Novak, Hitchcock grinned: "I finally made her act."

## IN MEMORIAM

In loving memory of our dear daughter, Linda Walker Spriggs, who passed away four years ago, May 15, 1954.

Dear daughter who is gone, not forgotten.

We think of you each day and night.

Hope we could see your smiling face. But God has called you home to rest. For the flowers we put on your grave may wilt and die.

But dear daughter your memories are still with us as always.

Hope you rest in peace. Sadly missed by her Mother and Father, Mr. and Mrs. Jake Walker and brother, Larry.

IN LOVING MEMORY OF MRS. RUTH LEASE Three long years ago May 14th - Our dear mother was called to rest. We cannot understand why... But God knows best. And called her home. Sadly missed by: Children & Grandchildren

## Bad Overcall Is High Board

By OSWALD JACOBY  
Written for NEA Service

Just the other morning I was congratulating myself on recent success in dodging the Unlucky Expert when the phone rang and his mournful voice could be heard mumbling on the other end.

Unfortunately, I had failed to answer the phone with some remark such as: "Mr. Jacoby has just left for Patagonia," so I was trapped and you readers might as well suffer along with me. Here is his latest tragedy told in his own words:

"My partner and I were well on our way to winning ourselves a duplicate. I made a normal one-spade opening and my partner jumped me to game. Every-

thing should have been just fine and dandy. I would have made four spades against a diamond lead and five against any other, but South was in one of those top or bottom moods. He looked at his collection of trash and yodeled four no-trump.

"I had no defense except to double that bid and the five-diamond runout. We managed to cash three heart tricks and two aces and did pick up 500 points. Unfortunately, no other South had the bull-headed luck to fall in the river and come up with a fish in his mouth. Every other East and West pair was plus 620 or 650 and we scored a nice round zero."

There is no question that his bad luck is running overtime. I just wonder how he ever got started toward winning in the first place.

## Crossed Legs Cause Backaches

HONOLULU, W.—Most backaches are caused by sitting with your legs crossed, a Honolulu chiropractor says.  
Addressing the Chiropractic Association of Hawaii, R. J. Parker said: "Sitting with one leg crossed over the other twists the hips and causes the muscles to stretch, pulling the bones of the spine out of line."  
"If you must cross your legs to be comfortable, switch from one side to the other from time to time. It will balance the strain and help minimize painful after-effects."

## Meat Statute Anticipated By Packers

CHARLESTON, W. Va. — If West Virginia's legislators enact a meat inspection statute, then 52 slaughtering and meat packing establishments in the state have taken a big step toward conforming to whatever regulations are set up.

The establishments were accredited yesterday under the new sanitation regulations effected Jan. 2 by the State Department of Agriculture.

"As a result of this regulation," Agriculture Commissioner John T. Johnson told the meeting, "the consumer is going to get better meat. He will buy with greater confidence."

Dr. T. C. Green, state veterinarian, added: "It must be understood by all concerned that sanitary inspection does not constitute meat inspection. In other words, we may have sanitary practices in slaughtering, meat packing and meat processing without having meat inspection, but we cannot have meat inspection without having sanitary regulations and their enforcement."

"Therefore, this is the first step toward meat inspection which we hope our State Legislature will provide in the near future."

Johnson had invited representatives of the industry to his office in the fall of 1956 to form a packers' association. The organization is headed by Richard W. Shaw of Beckley and is called the West Virginia Meat Packers Assn. Green headed a committee of department and industry representatives which drafted the regulations now in effect.

**MERGING ROADS**—The Great Northern Railway may merge with three other railroads, the Chicago, Burlington and Quincy, Northern Pacific Railway and the Spokane, Portland and Seattle, to form the nation's longest and second-richest rail line. John M. Budd, president of Great Northern, said that the merger plans should go before the Interstate Commerce Commission in Washington before the end of the year. The proposed network (see Newsmap) stretches from Illinois to California and from North Dakota to Texas. It would have 27,000 miles of track in 18 states. This is larger than the track mileage of any U. S. company now operating. The merged road would also have track in Canada.

## Sample Ballot Listed Today In The Times

Official copies of sample ballots for next Tuesday's primary election appear on pages 16 and 17 of today's Evening Times.

A slight difference between the ballots and the actual appearance of the faces of voting machines will be noted. Because it was mechanically impossible to reproduce each party's ballot in a long line, each has been split into two parts.

By holding pages 16 and 17 sideways, the reader will be able to see the ballots as they will appear on the voting machines next Tuesday. The numbering system for candidates has been followed exactly as it will be on the machines.

## Administration Stuck Neck Out On Veep Trip

By JAMES MARLOW

Associated Press News Analyst WASHINGTON (AP) — The Eisenhower administration apparently had reason to believe Vice President Nixon might run into trouble in Latin America but, misjudging how much, didn't even think of calling off his trip.

If this assumption is correct — and it seems to be, after what President Eisenhower told his news conference Wednesday — then the administration stuck its neck out. The result? One of the most embarrassing episodes in American history.

What's puzzling is why the administration wasn't better informed on the depth of anti-American feeling since the State Department and the Central Intelligence Agency — this country's eyes and ears abroad — have agents everywhere.

Eisenhower himself didn't attempt to blame what happened to Nixon entirely on the Communists for he said "I don't think there is any single... there are economic causes."

The President indicated to his news conference that the possibility Nixon faced trouble in Latin America was talked over before he went. Perhaps nothing worse was expected than some anti-American shouts and pamphlets.

Eisenhower was asked by a reporter whether this government had anticipated the demonstrations against Nixon would be as violent as they were and whether, in view of that, any thought had been given to canceling part of his trip.

He said: "No. These things were discussed but no thought was given to canceling Mr. Nixon's visits to these countries. In each case he was invited by the government."

"No one, I think, anticipated the violence of — particularly this last riot (in Venezuela) and I think possibly everybody there was a bit caught by surprise."

Everybody here was certainly caught by surprise. Nixon has been thinking of making a good will trip to Europe in the fall. Eisenhower was asked — in view

## West Virginia Diocese Ends Annual Meet

### Retired Officer New Treasurer Of Episcopal Body

PARKERSBURG, W. Va. — Col. Walter C. Phillips, USA (Ret.) of St. Albans, was elected treasurer of the West Virginia Diocese of the Protestant Episcopal Church at the final business session of an annual convention here.

He succeeds Robert L. Boyd of Wheeling, who resigned the post after holding it since 1915.

Dr. Joseph M. Waterman, rector of Trinity Church in Parkersburg; the Rev. H.M. Wilson of Lewisburg, and the Rev. Frank Rowley of Bluefield were named to the diocesan committee on constitution and canons.

W.G. Caperton of Charleston was elected to the standing committee as a lay member, while Boyd and Thomas Jackson of Charleston were named as diocesan trustees.

Bishop Wilburn C. Campbell of the diocese, whose offices are in Charleston, said that the Episcopal Advance Fund, a three-year financial drive in the evangelical field, reached more than a third of its goal in the first year.

He said that upwards of \$100,000 in cash has been paid into the fund to date. The three-year goal is \$300,000.

Final sessions of the annual church meeting were held here yesterday. The 1959 sessions will be held in Morgantown.

## Stray Dogs Cause Problem In Ridgeley

Stray dogs are causing a problem for residents of the town of Ridgeley.

Police Chief Jack Cornett said last night he has been receiving numerous complaints in recent days that stray dogs are causing damage to newly-planted gardens and flower beds as well as lawns.

He is giving dog owners of that community a warning to get the dogs penned up. Beginning Monday, Chief Cornett said, all dogs o. the loose, with or without tags, will be picked up.

The stray dogs will be kept in custody for a period of five days and on the fifth day will be destroyed.

Those claiming the dogs will be required to pay a cost of \$1 per day for the canine's keep. The necessary license can be purchased in Keyser.

## Assistant Police Chief, Companion Held In Burglary

CRESTVIEW, Fla. (AP) — The assistant police chief of Crestview and a woman companion are charged with burglarizing a store.

Formal charges of breaking and entering were filed against Asst. Chief John W. Dreading, 42, and Mrs. Kay Arne, 33, a divorcee with three children. They were held for the grand jury in bond of \$1,500 each.

The two were charged with breaking into the store Wednesday and hauling off food, clothes and other items valued at more than \$200.

Sheriff Ray Wilson said Dreading admitted the theft. He quoted Mrs. Arne as saying that Dreading, who is separated from his wife, was worried about providing for Mrs. Arne and her children.

## LABOR NEEDS JIM MANN

Railway Labor's Political League endorsed Jim Mann for Congress, saying: "We have a high regard for Jim Mann's background in international affairs. . . Any time we can add to Congress a man with real experience. . . we ought to do it. Mann's candidacy gives us such an opportunity." Jim Mann has vigorously criticized the administration for not putting the railroads back on their feet. Jim Mann will work for an end to the unemployment in the 6th District and the nation.
